

Written requests must contain the full name and signature of the requester. When the requester is not the student, state the requester's relationship to the student and include a student's written authorization to disclose the information or evidence of the parental/legal relationship that establishes the parent's or legal guardian's right to access that information such as, a certified copy of a court order, or sufficient information about the requester (SSN, unique student identifier, date of birth) to permit DoDEA to verify custody through the Defense Enrollment Eligibility Reporting System.

The request must state the name used by the student at the time of school attendance, the student's birth date, name, and location of the school(s) attended, and the approximate dates of attendance.

RECORD ACCESS PROCEDURES:

Parents/legal guardians and personnel acting as a parent, pursuant to appointment by competent authority in the absence of a parent or legal guardian, are authorized access to the student records of their "dependent" student, as defined in DoD Joint Travel Regulation, Volume 2, Appendix A (JTR V. 2, App. A). Access is afforded to either parent, unless DoDEA is provided with evidence that there is a court order, such as, but not limited to, a divorce, separation, adoption or custody decree, that specifically revokes these rights.

While a student is currently enrolled in a DoDEA school, the student or the student's parent/legal guardian, and individuals in overseas areas designated as temporary foster parents, may access their student's records maintained at the student's school by making a request for such access to the student's teachers, registrars and administrators, in accordance with the procedures established at the school, or may request access in writing according to the instructions below.

Individuals may submit written requests for access to student information about themselves, and parents/legal guardians of dependent children may submit written requests about their children to the appropriate Area or District Records Systems Managers, or to the Privacy Act Officer, Department of Defense Education Activity, 4040 North Fairfax Drive, Arlington, VA 22203-1635.

Written requests must contain the full name and signature of the requester. When the requester is not the student, state the requester's relationship to the student and include a student's written authorization to disclose the

information or evidence of the parental/legal relationship that establishes the parent's or legal guardian's right to access that information such as, a certified copy of a court order, or sufficient information about the requester (SSN, unique student identifier, date of birth) to permit DoDEA to verify custody through the Defense Enrollment Eligibility Reporting System. The request must also state the name used by the student at the time of school attendance, the student's birth date, the name, and location of the school(s) attended, and the approximate dates of attendance.

Title: DC School Choice Incentive

Program.

OMB #: 1855-0015.

Abstract: The DC School Choice Incentive Program, authorized by the Consolidated Appropriations Act of 2004, awarded a grant to the DC Children and Youth Investment Trust Corporation that will administer scholarships to students who reside in the District of Columbia and come from households whose incomes do not exceed 185% of the poverty line. Priority is given to students who are currently attending schools in need of improvement, as defined by Title I. To assist in the student selection and assignment process, the information to be collected will be used to determine the eligibility of those students who are interested in the available scholarships. Also, since the authorizing statute requires an evaluation we are proposing to collect certain family demographic information because they are important predictors of school success. Finally, we are asking to collect information about parental participation and satisfaction because these are key topics that the statute requires the evaluation to address.

Additional Information: This is a request for emergency clearance to collect basic, time critical information about scholarship applicants for the DC School Choice Incentive Program, and preliminary information for the evaluation. The Program was recently reauthorized on April 15, 2011 through "District of Columbia, Federal Funds, Federal Payment for School Improvement". Speaker Boehner introduced the Scholarships for Opportunity and Results Act which reauthorized the DC School Choice Incentive Program for another five years beginning in FY 2011. Pursuant to 5 CFR 1320.13, the Department requests that OMB review the DC School Choice Incentive data collection tool under its emergency procedures. The request for an emergency clearance is twofold: (1) Public harm is likely to result as more than 1,150 students on the current waiting list must be selected and approved to receive funding by the end of June, a process that requires approximately eight weeks to complete; and (2) receiving funding was an unanticipated event as funding for this program was previously discontinued.

The purpose of the DC School Choice Incentive Program (Program) is to provide low-income parents residing in the District of Columbia with expanded options for the education of their children. The statute for this Program requires scholarships to be awarded to students who reside in the District of Columbia and come from households whose incomes do not exceed 185% of the poverty line. Priority is given to students who are currently attending Title I schools in need of improvement, corrective action or restructuring as defined by Title I. To assist in the student selection and assignment process, the information to be collected as requested under this emergency clearance will be used to determine the eligibility of those students who are interested in the available scholarships. Also, the authorizing statute requires the mandated evaluation to address changes in parents' school involvement and satisfaction and so initial levels of those factors need to be assessed at the time of application.

Failure to collect this information in a timely manner will hinder the grantee's ability to:

- (1) Administer scholarships (approximately \$15 million) for this fiscal year as required by the statute;
- (2) Perform outreach into low income communities to make them aware that new scholarships are available;
- (3) Collect and process scholarship applications to determine eligibility;
- (4) Administer the student lottery;
- (5) Sign-up schools to participate in the program and verify they meet legislatively mandated requirements;
- (6) Identify the number of slots by grade available in participating schools;
- (7) Collect and disseminate information on participating schools to facilitate parents' school search process;
- (8) Facilitate parents' application process to schools and enroll their child(ren);
- (9) Place students in school through a student/school match process;
- (10) Update scholarship invoicing and payments system to accommodate new legislatively identified scholarship caps and published tuition and fees;
- (11) Effectively manage the distribution of scholarships to low-income parents of students; and,
- (12) Meet certain evaluation and reporting requirements, as required by the statute.

Frequency: Annually.

Affected Public: Individuals or households.

Reporting and Recordkeeping Hour Burden: Responses: 3,000. Burden Hours: 1,000.
