

domestic interested parties on October 1, 2010, within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i). On October 20, 2010, the domestic interested parties submitted a correction to their response, correcting certain inaccuracies. We received no substantive responses from respondent interested parties. We determined the response of the domestic interested parties to be an adequate substantive response in accordance with 19 CFR 351.218(d)(3). As a result, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), the Department conducted an expedited (120-day) sunset review of the antidumping duty order on polyethylene terephthalate film, sheet, and strip from the Republic of Korea.

Scope of the Order

Imports covered by the order are shipments of all gauges of raw, pretreated, or primed polyethylene terephthalate film, sheet, and strip, whether extruded or coextruded. The films excluded from this review are metallized films and other finished films that have had at least one of their surfaces modified by the application of a performance-enhancing resinous or inorganic layer more than 0.00001 inches (0.254 micrometers) thick.

Polyethylene terephthalate film, sheet, and strip is currently classifiable under Harmonized Tariff Schedule of the United States (HTSUS) subheading 3920.62.00. The HTSUS subheading is provided for convenience and for customs purposes. The written description remains dispositive as to the scope of the product coverage.

Analysis of Comments Received

All issues raised in this sunset review are addressed in "Issues and Decision Memorandum for the Final Results of Expedited Third Sunset Review of the Antidumping Duty Order on Polyethylene Terephthalate Film, Sheet, and Strip from the Republic of Korea" from Edward C. Yang, Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, to Ronald K. Lorentzen, Deputy Assistant Secretary for Import Administration (Issues and Decision Memorandum), which is hereby adopted by, and issued concurrently with, this notice. The issues discussed in the Issues and Decision Memorandum are the likelihood of continuation or recurrence of dumping and the magnitude of the margins likely to prevail if the order was revoked. Parties can find a complete discussion of all issues raised in this review and the corresponding recommendations in this public

memorandum which is on file in the Central Records Unit, room 7046 of the main Commerce Department building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly on the Web at <http://ia.ita.doc.gov/frn>. The paper copy and electronic version of the Issues and Decision Memorandum are identical in content.

Final Results of Review

We determine that revocation of the antidumping duty order on polyethylene terephthalate film, sheet and strip from the Republic of Korea would be likely to lead to continuation or recurrence of dumping at the following weighted-average percentage margins:

Manufacturers/Exporters/ Producers	Weighted- average margin (percent)
SKC Limited	13.92
All Others	21.50

These dumping margins are from the Less-Than-Fair-Value Investigation, as amended pursuant to remand in *E.I. DuPont de Nemours & Co., Inc. v. United States*, 954 F. Supp. 263 (CIT 1997). See *Polyethylene Terephthalate Film, Sheet, and Strip From the Republic of Korea; Notice of Final Court Decision and Amended Final Determination of Antidumping Duty Investigation*, 62 FR 50557 (September 26, 1997).

Notification to Interested Parties

This notice also serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely notification of the return or destruction of APO materials or conversion to judicial protective orders is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing the results and notice in accordance with sections 751(c), 752(c), and 777(i)(1) of the Act.

Dated: December 29, 2010.

Edward C. Yang,

Acting Deputy Assistant Secretary for Import Administration.

ACTION: Amending the 12-Month Cap on Duty and Quota Free Benefits.

DATES: *Effective Date:* January 1, 2011.

FOR FURTHER INFORMATION CONTACT: Richard Stetson, International Trade Specialist, Office of Textiles and Apparel, U.S. Department of Commerce, (202) 482-3400.

SUPPLEMENTARY INFORMATION:

Authority: Section 3103 of the Trade Act of 2002, Pub. L. 107-210; Presidential Proclamation 7616 of October 31, 2002, 67 FR 67283 (November 5, 2002); Executive Order 13277, 67 FR 70305 (November 19, 2002); and the Office of the United States Trade Representative's Notice of Authority and Further Assignment of Functions, 67 FR 71606 (November 25, 2002).

Section 3103 of the Trade Act of 2002 amended the Andean Trade Preference Act (ATPA) to provide for duty and quota-free treatment for certain textile and apparel articles imported from designated Andean Trade Promotion and Drug Eradication Act (ATPDEA) beneficiary countries. Section 204(b)(3)(B)(iii) of the amended ATPA provides duty- and quota-free treatment for certain apparel articles assembled in ATPDEA beneficiary countries from regional fabric and components, subject to quantitative limitation. More specifically, this provision applies to apparel articles sewn or otherwise assembled in one or more ATPDEA beneficiary countries from fabrics or from fabric components formed or from

components knit-to-shape, in one or more ATPDEA beneficiary countries, from yarns wholly formed in the United States or one or more ATPDEA beneficiary countries (including fabrics not formed from yarns, if such fabrics are classifiable under heading 5602 and 5603 of the Harmonized Tariff Schedule (HTS) and are formed in one or more ATPDEA beneficiary countries). Such apparel articles may also contain certain other eligible fabrics, fabric components, or components knit-to-shape.

Title VII of the Tax Relief and Health Care Act (TRHCA) of 2006, Pub. L. No. 107-432, extended the expiration of the ATPA to June 30, 2007. *See* Section 7002(a) of the TRHCA 2006. H.R. 1830, 110th Cong. (2007), further extended the expiration of the ATPA to February 29, 2008. H.R. 5264, 110th Cong. (2008), further extended the expiration of the ATPA to December 31, 2008. H.R. 7222, 110th Cong. (2008), further extended the expiration of the ATPA to December 31, 2009. H.R. 4284, 111th Cong. (2009), further extended the expiration of the ATPA to December 31, 2010. H.R. 6517, 111th Cong. (2010), further extended the expiration of the ATPA to February 12, 2011.

The purpose of this notice is to extend the period of the quantitative limitation for preferential tariff treatment under the regional fabric provision for imports of qualifying apparel articles from Colombia and Ecuador for a six-week period, through February 12, 2011. With respect to qualifying apparel articles from Peru, the termination of preferential treatment is effective December 31, 2010.

For the period beginning on October 1, 2010 and extending through February 12, 2011, the aggregate quantity of imports eligible for preferential treatment under the regional fabric provision is 1,238,203,339 square meters equivalent. Apparel articles entered in excess of this quantity will be subject to otherwise applicable tariffs.

This quantity is calculated using the aggregate square meter equivalents of all apparel articles imported into the United States, derived from the set of Harmonized System lines listed in the Annex to the World Trade Organization Agreement on Textiles and Clothing (ATC), and the conversion factors for units of measure into square meter equivalents used by the United States in implementing the ATC.
