

Type of Request: Extension of a currently approved information collection.

OMB Control Number: 2127-0039.

Affected Public: Businesses or others for profit.

Abstract: Sections 30118(e) and 30120(e) of Title 49 of the United States Code specify that any interested person may petition NHTSA to hold a hearing to determine whether a manufacturer of motor vehicles or motor vehicle equipment has met its obligation to notify owners, purchasers, and dealers of vehicles or equipment of a safety-related defect or noncompliance with a Federal motor vehicle safety standard in the manufacturer's products and to remedy that defect or noncompliance.

To implement these statutory provisions, NHTSA promulgated 49 CFR part 557, Petitions for Hearings on Notification and Remedy of Defects. Part 577 establishes procedures providing for the submission and disposition of petitions for hearings on the issues of whether the manufacturer has met its obligation to notify owners, purchasers, and dealers of safety-related defects or noncompliance, or to remedy such defect or noncompliance free of charge.

Estimated annual burden: During NHTSA's last renewal of this information collection, the agency estimated it would receive one petition a year, with an estimated one hour of preparation for each petition, for a total of one burden hour per year. That estimate remains unchanged with this notice.

Number of respondents: 1.

Issued on: January 31, 2011.

Director, Office of Defects Investigation.
