BILLING CODE 4910-05-P

DEPARTMENT OF THE INTERIOR

Geological Survey

Notice of an Open Meeting of the Advisory Committee on Water Information (ACWI)

AGENCY: United States Geological Survey, Department of the Interior.

ACTION: Notice of an open meeting.

SUMMARY: Notice is hereby given of a meeting of the ACWI, to be held March 1, 2011, via teleconference and web-based presentations. This ACWI meeting will serve a dual purpose:

(1) During the morning, the Federal water agencies will have an opportunity to brief ACWI about the proposed 2012

budget. Each organization will have no more than five minutes to report, so we can ensure adequate time for discussion and for feedback from the non-Federal ACWI member organizations.

(2) During the afternoon, some or all of the seven USGS science strategic planning teams (SSPTs) will present information about their activities and solicit ACWI feedback. The USGS SSPTs are part of a new science planning effort that Dr. Marcia McNutt, Director of the USGS, started within the bureau. The USGS 10-year strategic science plan (<http://pubs.usgs.gov/circ/2007/1309/>), which was released in 2007, identified six thematic areas upon which the USGS would concentrate. USGS has received much positive feedback on this plan and the efforts to move it forward. Director McNutt has commissioned seven SSPTs, one for each of the areas identified in the 2007 plan plus one additional team for Core Science Systems. These teams will work from the present through October 2011 to develop a more targeted 10-year science plan for each of their respective areas:

- Core Science Systems
- Ecosystems
- Energy and Minerals
- Environmental Health
- Global Change
- Natural Hazards
- Water

These teams will work over the next 10 months to develop a strategic plan for each area and to carefully examine how efforts need to be integrated across all seven areas. It is also of the utmost importance to everyone at the USGS to have your input into this process, and that process will begin at the ACWI WebEx meeting on March 1.

The ACWI was established under the authority of the Office of Management and Budget Memorandum M-92-01 and the Federal Advisory Committee Act. The purpose of the ACWI is to provide a forum for water information users and professionals to advise the Federal Government on activities and plans that may improve the effectiveness of meeting the Nation's water information needs. Member organizations help to foster communications between the Federal and non-Federal sectors on sharing water information.

Membership, limited to 35 organizations, represents a wide range of water resources interests and functions. Representation on the ACWI includes all levels of government, academia, private industry, and professional and technical societies. For more information on the ACWI, its membership, subgroups, meetings and

activities, *please see* the Web site at: <http://ACWI.gov>.

DATES: The formal meeting will convene at 10 a.m. and adjourn at 5 p.m. on March 1, 2011.

ADDRESSES: The meeting will be a WebEx, accessible by telephone and by logging on to the meeting Web site to view the presentations online. Telephone and log-in information will be available the week prior to the meeting on the ACWI Web site (<http://ACWI.gov>) and can also be obtained by calling Wendy Norton at 703-648-6910. Those who wish to attend the meeting in person can do so at U.S. Geological Survey Headquarters, located at 12201 Sunrise Valley Drive, Reston, VA, Room 5A217.

FOR FURTHER INFORMATION CONTACT: Ms. Wendy E. Norton, ACWI Executive Secretary and Chief, Water Information Coordination Program, U.S. Geological Survey, 12201 Sunrise Valley Drive, MS 417, Reston, VA 20192. *Telephone:* 703-648-6810; *Fax:* 703-648-5644; *e-mail:* wenorton@usgs.gov.

SUPPLEMENTARY INFORMATION: This meeting is open to the public. There will not be a public comment period, due to time constraints for this particular meeting, but any member of the public may submit written information and (or) comments to Ms. Norton for distribution at the ACWI meeting or immediately following the meeting.

Dated: February 11, 2011.

Katherine Lins,

Chief, Office of Water Information.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[MTM 067221]

Notice of Proposed Withdrawal Extension and Opportunity for Public Meeting; Montana

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice.

SUMMARY: The United States Department of Agriculture (USDA), Forest Service, has filed an application with the Bureau of Land Management (BLM) that proposes to extend the duration of Public Land Order (PLO) No. 6881 for an additional 20-year term. PLO No. 6881 withdrew approximately 95 acres of National Forest System lands from location and entry under the United

States mining laws to protect recreational values and the investment of Federal funds at the Howard Lake, Ross Creek, and Yaak Falls Recreation Areas. The withdrawal created by PLO No. 6881 will expire on September 18, 2011, unless extended. This notice also gives the public an opportunity to comment on the proposed action and to request a public meeting.

DATES: Comments and requests for a public meeting must be received by May 18, 2011.

ADDRESSES: Comments and meeting requests should be sent to the Regional Forester, U.S. Forest Service, Region 1, P.O. Box 7669, Missoula, Montana 59807, or the Montana State Director, Bureau of Land Management, 5001 Southgate Drive, Billings, Montana 59101-4669.

FOR FURTHER INFORMATION CONTACT: Scott Bixler, U.S. Forest Service, Region 1, P.O. Box 7669, Missoula, Montana 59807, 406-329-3655, or Sandra Ward, Bureau of Land Management, 5001 Southgate Drive, Billings, Montana 59101-4669, 406-896-5052.

SUPPLEMENTARY INFORMATION: The USDA Forest Service filed an application requesting that the Department of the Interior's Assistant Secretary for Land and Minerals Management extend PLO No. 6881 (56 FR 47414 (1991)), which withdrew approximately 95 acres of National Forest System lands located in Lincoln County, Montana, from location and entry under the United States mining laws (30 U.S.C. ch. 2) for an additional 20-year term. PLO No. 6881 is incorporated herein by reference.

The purpose of the proposed withdrawal extension is to continue to protect recreational values and the investment of Federal funds at the Howard Lake, Ross Creek and Yaak Falls Recreation Areas.

The use of a right-of-way, interagency agreement, cooperative agreement, or surface management under 43 CFR part 3809 regulations would not provide adequate protection.

There are no suitable alternative sites available. There are no other Federal lands in the area containing these unique recreational opportunities and improvements.

No additional water rights will be needed to fulfill the purpose of the requested withdrawal extension.

On or before May 18, 2011, all persons who wish to submit comments, suggestions, or objections in connection with the proposed withdrawal extension may present their views in writing to the Regional Forester, U.S. Forest Service, Region 1, P.O. Box 7669, Missoula, Montana 59807.

Comments, including names and street addresses of respondents, will be available for public review at the U.S. Forest Service, Region 1, 200 East Broadway, Missoula, Montana, and the Bureau of Land Management, Montana State Office, 5001 Southgate Drive, Billings, Montana, during regular business hours.

Individual respondents may request confidentiality. Before including your address, phone number, e-mail address, or other personal identifying information in your comments, be advised that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask in your comment to withhold from public review your personal identifying information, we cannot guarantee that we will be able to do so.

Notice is hereby given that an opportunity for a public meeting is afforded in connection with the proposed withdrawal extension. All interested persons who desire a public meeting for the purpose of being heard on the proposed withdrawal must submit a written request to the Regional Forester, U.S. Forest Service, Region 1, P.O. Box 7669, Missoula, Montana 59807 by May 18, 2011. Upon determination by the authorized officer that a public meeting will be held, a notice of the time and place will be published in the *Federal Register* and at least one local newspaper not less than 30 days before the scheduled date of the meeting.

This application will be processed in accordance with the applicable regulations set forth in 43 CFR 2310.4.

Authority: 43 CFR 2310.3-1.

Cynthia Staszak,

Chief, Branch of Land Resources.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[IDI-35965]

Notice of Proposed Withdrawal and Opportunity for Public Meeting; Idaho

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice.

SUMMARY: The U.S. Forest Service (USFS) has filed an application with the Bureau of Land Management (BLM) requesting the Assistant Secretary of the Interior for Land and Minerals Management withdraw 183.47 acres of

National Forest System land in the Idaho Panhandle National Forest from mining to protect the Settler's Grove of Ancient Cedars Recreation Area near Wallace, Idaho. This notice segregates the lands for up to 2 years from location and entry under the United States mining laws while the withdrawal application is being processed. The land will remain open to mineral leasing and to all activities currently consistent with applicable Forest plans and those related to the exercise of valid existing rights.

DATES: Comments and request for a public meeting must be received by May 18, 2011.

ADDRESSES: Comments and meeting requests should be sent to the Forest Supervisor, Idaho Panhandle National Forest, 3815 Schreiber Way, Coeur d'Alene, Idaho 83815.

FOR FURTHER INFORMATION CONTACT: Laura Bingham, BLM Idaho State Office (208) 373-3866 or Scott Bixler, Forest Service, (406) 329-3655.

SUPPLEMENTARY INFORMATION: The USFS has filed an application to withdraw the following described National Forest lands from location and entry under the United States mining laws, subject to valid existing rights. This parcel of land has been withdrawn for USFS use since 1987 for protection of the Settler's Grove of Ancient Cedars Roadless Recreation Area. This proposed withdrawal covers the same land withdrawn for USFS use under Public Land Order (PLO) No. 6658 (52 FR 36577 (1987)). Due to an administrative oversight on the part of the USFS, PLO 6658 expired before an extension of the withdrawal could be processed. Therefore, the USFS is requesting a new 20-year withdrawal covering the same area:
