DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 67

[Docket ID FEMA-2011-0002]

Final Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Final rule.

SUMMARY: Base (1% annual-chance) Flood Elevations (BFEs) and modified

BFEs are made final for the communities listed below. The BFEs and modified BFEs are the basis for the floodplain management measures that each community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The date of issuance of the Flood Insurance Rate Map (FIRM) showing BFEs and modified BFEs for each community. This date may be obtained by contacting the office where the maps

are available for inspection as indicated in the table below.

ADDRESSES: The final BFEs for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

FOR FURTHER INFORMATION CONTACT: Luis Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646-4064, or (e-mail) luis.rodriguez1@dhs.gov.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) makes the final determinations listed below for the modified BFEs for each community listed. These modified elevations have been published in newspapers of local circulation and ninety (90) days have elapsed since that publication. The Deputy Federal Insurance and Mitigation Administrator has resolved any appeals resulting from this notification.

This final rule is issued in accordance with section 110 of the Flood Disaster

Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR part 67. FEMA has developed criteria for floodplain management in floodprone areas in accordance with 44 CFR part 60.

Interested lessees and owners of real property are encouraged to review the proof Flood Insurance Study and FIRM available at the address cited below for each community. The BFEs and modified BFEs are made final in the communities listed below. Elevations at selected locations in each community are shown.

National Environmental Policy Act. This final rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Consideration. An environmental impact assessment has not been prepared.

Regulatory Flexibility Act. As flood elevation determinations are not within the scope of the Regulatory Flexibility Act, 5 U.S.C. 601-612, a regulatory flexibility analysis is not required.

Regulatory Classification. This final rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 13132, Federalism. This final rule involves no policies that have federalism implications under Executive Order 13132.

Executive Order 12988, Civil Justice Reform. This final rule meets the applicable standards of Executive Order 12988.

List of Subjects in 44 CFR Part 67

Administrative practice and procedure, Flood insurance, Reporting and recordkeeping requirements.

Accordingly, 44 CFR part 67 is amended as follows:

PART 67—[AMENDED]

Defense Federal Acquisition Regulations Supplement; Publication of Notification of Bundling of Contracts of the Department of Defense (DFARS Case 2009-D033)

AGENCY: Defense Acquisition Regulations System, Department of Defense (DoD).

ACTION: Final rule.

SUMMARY: DoD is adopting as final, without change, an interim rule amending the Defense Federal Acquisition Regulation Supplement

(DFARS) to implement the Fiscal Year 2010 National Defense Authorization Act, section 820, entitled "Publication of Notification of Bundling of Contracts of the Department of Defense."

Dates: *Effective Date:* February 22, 2011.

FOR FURTHER INFORMATION CONTACT: Ms. Meredith Murphy, 703-602-1302.

SUPPLEMENTARY INFORMATION:

I. Background

DoD published an interim rule at 75 FR 40714 on July 13, 2010, to implement section 820 of the Fiscal Year 2010 National Defense Authorization Act (Pub. L. 111-84), enacted October 28, 2009. The period for public comment closed on September 13, 2010. The interim rule added a requirement at DFARS 205.205-70 to publish a notification of the intention to bundle a DoD procurement at least 30 days prior to (1) the release of a solicitation or (2) placing an order without a solicitation. This notification requirement is in addition to the existing requirements for market research at DFARS 210.001 when an acquisition could lead to a consolidation of contract requirements (*see* DFARS 210.001(c)(2)).

DoD received no comments on the proposed rule. Therefore, DoD is

finalizing the interim rule without change.

II. Executive Order 12866

This rule is not a significant regulatory action and therefore was not subject to Office of Management and Budget review under section 6(b) of Executive Order 12866, Regulatory Planning and Review, dated September 30, 1993. This is not a major rule under 5 U.S.C. 804.

III. Regulatory Flexibility Act

This rule will not have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.* However, DoD has prepared a final regulatory flexibility analysis consistent with 5 U.S.C. 603. A copy of the analysis may be obtained from the point of contact specified herein. The analysis is summarized as follows.

This final rule amends the DFARS to implement section 820 of the National Defense Authorization Act for Fiscal Year 2010. Section 820 requires DoD contracting officers to publish a notification consistent with the requirements of FAR 10.001(c)(2) on FedBizOpps.gov, or any successor site, at least 30 days prior to the release of a solicitation for a bundled acquisition.
