SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-63957; File No. SR-Phlx-2011-20]

Self-Regulatory Organizations; Notice of Filing and Immediate Effectiveness of Proposed Rule Change by NASDAQ OMX PHLX LLC Relating to Dividend and Merger Strategies

February 24, 2011.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹, and Rule 19b-4 thereunder,² notice is hereby given that on February 14, 2011, NASDAQ OMX PHLX LLC ("Phlx" or "Exchange") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I, II, and III, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend its Fee Schedule to clarify the definitions of dividend and merger strategies in

Section II of its Fee Schedule titled, "Equity Options Fees."

The text of the proposed rule change is available on the Exchange's Web site at <http://nasdaqtrader.com/micro.aspx?id=PHLXfilings>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to clarify the definitions of dividend and merger strategies in Section II of the Fee Schedule titled "Equity Options Fees," so that the applicability of equity option transaction charges and caps³ are clear to members.

The Exchange provides a definition of a dividend strategy in Section II of its Fee Schedule. The Exchange defines a dividend strategy, along with other strategies, to provide members with information necessary to calculate the combined fee cap on equity option transaction charges for dividend, merger and short stock interest strategies. The Exchange defines a dividend strategy as follows: "* * * transactions done to achieve a dividend arbitrage involving the purchase, sale and exercise of in-the-money options of the same class, executed prior to the date on which the underlying stock goes ex-dividend."

³ Equity options transaction charges for Specialists, Registered Options Traders, Streaming Quote Traders, Remote Streaming Quote Traders, Firms and Broker-Dealers are capped at \$1,000 for dividend, merger and short stock interest strategies executed on the same trading day in the same options class when such members are trading in their own proprietary accounts. Equity option transaction charges for dividend, merger and short stock interest strategies combined are capped at \$25,000 per member organization per month when such members are trading in their own proprietary accounts.

¹ 17 CFR 200.30-3(a)(12).

² 15 U.S.C. 78s(b)(1).

³ 17 CFR 240.19b-4.

⁶ 15 U.S.C. 78s(b)(3)(A)(ii).

The Exchange proposes to amend this dividend strategy definition to provide clarity with respect to the text “prior to the date.” The Exchange proposes to amend the definition to state, “transactions done to achieve a dividend arbitrage involving the purchase, sale and exercise of in-the-money options of the same class, executed *immediately* prior to the date on which the underlying stock goes ex-dividend.” The Exchange believes that this language would clarify the timing of such a dividend strategy. The Exchange is proposing to make clear that such transactions must occur immediately prior to the date on which the underlying stock goes ex-dividend to meet the definition of a dividend strategy. The Exchange would interpret the proposed term “immediately” to mean the first business day prior to the date on which the underlying stock goes ex-dividend.

Similarly, the Exchange provides a definition of a merger strategy in Section II of its Fee Schedule. The Exchange defines a merger strategy, along with other strategies, to provide members with information necessary to calculate the combined fee cap on equity option transaction charges for dividend, merger and short stock interest strategies. The Exchange defines a merger strategy as follows “* * * as transactions done to achieve a merger arbitrage involving the purchase, sale and exercise of options of the same class and expiration date, executed prior to the date on which shareholders of record are required to elect their respective form of consideration, *i.e.*, cash or stock.”

The Exchange proposes to amend this merger strategy definition to provide clarity with respect to the text “prior to the date.” The Exchange proposes to amend the definition to state, “transactions done to achieve a merger arbitrage involving the purchase, sale and exercise of options of the same class and expiration date, executed *immediately* prior to the date on which shareholders of record are required to elect their respective form of consideration, *i.e.*, cash or stock.” The Exchange believes that this language would clarify the timing of such a merger strategy. The Exchange is proposing to make clear that such transactions must occur immediately prior to the date on which the shareholders of record are required to elect their respective form of consideration to meet the definition of a merger strategy. The Exchange would interpret the proposed term “immediately” to mean the first business day prior to the date on which

shareholders of record are required to elect their respective form of consideration.

2. Statutory Basis

The Exchange believes that its proposal to amend its Fee Schedule is consistent with Section 6(b) of the Act⁴ in general, and furthers the objectives of Section 6(b)(4) of the Act⁵ in particular, in that it is an equitable allocation of reasonable fees and other charges among Exchange members and other persons using its facilities.

The Exchange believes that it is reasonable to amend the definitions of dividend and merger strategies to provide members with a definition that is clear and unambiguous. In addition, the Exchange believes that the amended definitions would provide members clear guidance on the applicability of the equity option transaction charges and the available caps.

The Exchange believes that the proposed amendments are equitable because the proposed new definitions would apply equally to all members transacting dividend or merger strategies. The Exchange would uniformly apply the definitions to all members who transacted such dividend and/or merger strategies when assessing equity option transaction charges and applying caps.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act.⁶ At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the

purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

To help the Commission process and review your comments more efficiently, please use only one method. Major Issues Raised by Korea

On January 31, 2011, Korea requested consultations concerning antidumping measures regarding corrosion-resistant carbon steel flat products from Korea. Korea challenges what it describes as the “use of the practice of zeroing negative dumping margins in administrative reviews, sunset reviews, and liquidations of antidumping duties with and without reviews, concerning the case of corrosion-resistant carbon steel flat products from Korea,” as well as “the imposition of cash deposit requirements and the final assessment of antidumping duties pursuant thereto” and “the ongoing conduct reflected by the use of the zeroing methodology in successive proceedings in that case.”

Korea also states that it would like to raise the following “matters”: (1) The Tariff Act of 1930, in particular, sections 731, 751, 752, 771(35)(A) and (B), and 777A(c) and (d); (2) the Statement of Administrative Action that accompanied the Uruguay Round Agreements Act, H.R. Doc. No. 103-316, vol. I; (3) implementing regulations of the Department of Commerce, 19 CFR section 351, in particular, sections 351.212(b) and (c), 351.218, and 351.414; (4) the Import Administration Antidumping Manual (1997 edition), including the computer program(s) to which it refers; (5) the Department of Commerce Policy Bulletin 98.3, “Policies Regarding the Conduct of Five-year (‘Sunset’) Reviews of Antidumping and Countervailing Duty Orders” (“Sunset Policy Bulletin”), 63 FR 18871 (16 April 1998); (6) “the general procedures and methodology employed by the United States for determining dumping margins in administrative reviews, sunset reviews, and duty assessment determinations”; and (7) “the general procedures and methodology
