To request more information on the proposed project or to obtain a copy of the data collection plans and instruments, contact Dr. Joy Pauschke, National Science Foundation, Suite 545, 4201 Wilson Blvd, Arlington, VA, 22230, or call non-toll-free number 703-292-8360, or e-mail your request, including your address to: jpauschk@nsf.gov.

Comments Due Date: Comments regarding this information collection are best assured of having their full effect if received within 30 days of the date of this publication. NSF may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Proposed Collection: Title: Survey of Principal Investigators on Earthquake Engineering Research Awards Made by the National Science Foundation, 2003-2009. Type of Information Collection Request: New collection. Need and Use of Information Collection: At the end of fiscal year 2014, NSF will have completed ten years of support for operations and research of the George E. Brown, Jr. Network for Earthquake Engineering Simulation (NEES). The purpose of the proposed information collection is to inform decision making about the need for multi-user earthquake engineering research infrastructure beyond 2014. The proposed data collection will consist of a survey of Principal Investigators on NSF earthquake engineering research awards, including but not limited to research awards made by the NEES program to facilitate use of the NEES network and infrastructure. Categories of information to be collected from these individuals include: (1) Novelty of research questions and approach; (2) access to and use of specific types of research infrastructure (including those provided by the NEES network); (3) incorporation of education, outreach, and training activities; (4) number and diversity of participants in funded research activities; and (5) outputs and outcomes of funded research activities.

Frequency of Response: Once. Affected Public: Individuals. Type of Respondents: NSF grantees. The annual reporting burden is as follows: Estimated Number of Respondents: 194 per year. Estimated Number of Responses per Respondent: 1. Average Burden Hours Per Response: 0.5. Estimated Total Annual Burden Hours Requested: 97. The annualized cost to respondents is estimated at: \$3,777. There are no Capital Costs to report. There are no Operating or Maintenance Costs to report.

Dated: February 28, 2011.

# Comment Request: National Science Foundation—Applicant Survey

**AGENCY:** National Science Foundation. **ACTION:** Notice.

SUMMARY: The National Science Foundation (NSF) is announcing plans to request renewed clearance of this collection. In accordance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, we are providing opportunity for public comment on this action. After obtaining and considering public comment, NSF will prepare the submission requesting OMB clearance of this collection for no longer than 3 years.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information shall have practical utility; (b) the accuracy of the Agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information on respondents, including through the use of automated collection techniques or other forms of information technology; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. DATES: Written comments should be received by May 2, 2011 to be assured of consideration. Comments received

ADDRESSES: Written comments regarding the information collection and requests for copies of the proposed information collection request should be

after that date will be considered to the

extent practicable.

addressed to Suzanne Plimpton, Reports Clearance Officer, National Science Foundation, 4201 Wilson Blvd., Rm. 295, Arlington, VA 22230, or by e-mail to *splimpto@nsf.gov*.

### FOR FURTHER INFORMATION CONTACT:

Suzanne Plimpton at (703) 292–7556 or send e-mail to *splimpto@nsf.gov*. Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1–800–877–8339 between 8 a.m. and 8 p.m., Eastern time, Monday through Friday.

### SUPPLEMENTARY INFORMATION:

Title of Collection: "National Science Foundation Applicant Survey." OMB Approval Number: 3145–0096. Expiration Date of Approval: June 30,

2011.

Type of Request: Intent to seek approval to extend with revision an information collection for three years.

Proposed Project: The current National Science Foundation Applicant survey has been in use for several years. Data are collected from applicant pools to examine the racial/sexual/disability composition and to determine the source of information about NSF vacancies.

Use of the Information: Analysis of the applicant pools is necessary to determine if NSF's targeted recruitment efforts are reaching groups that are underrepresented in the Agency's workforce and/or to defend the Foundation's practices in discrimination cases.

Burden on the Public: The Foundation estimates about 4,000 responses annually at 1 minute per response; this computes to approximately 67 hours annually.

Dated: February 28, 2011.
