Title of Collection: Measuring Educational Gain in the National Reporting System for Adult Education.

OMB Control Number: 1830-0567.

Agency Form Number(s): N/A.

Frequency of Responses: Annually.

Affected Public: State, Local, or Tribal Government, State Educational Agencies or Local Educational Agencies.

Total Estimated Number of Annual Responses: 15.

Total Estimated Annual Burden Hours: 600.

Abstract: Title 34 of the Code of Federal Regulations part 462 establish procedures that the Secretary uses when considering the suitability of tests for use in the National Reporting System (NRS) for adult education. The regulations further the Department's implementation of section 212 of the Adult Education and Family Literacy Act (AEFLA). These regulations also include procedures that States and Local eligible providers would follow when using suitable tests. The AEFLA makes accountability for results a central focus of the law. It sets out performance accountability requirements for States and Local programs that measure program

effectiveness on the basis of student academic achievement and other outcomes.

Educational gain, is the key outcome measure in the NRS, which describes students' improvement in literacy skills during instruction. States are required to have their local programs assessments gained by administering standardized pre-post assessments to students, following valid administration procedures. The NRS Guidelines allow states to select the assessments most appropriate for their state, which may be published standardized tests or performance-based assessments. If the state uses performance-based assessments, NRS guidelines require the assessment to have standardized procedures and scoring rubrics that meet accepted psychometric standards.

In addition, under section 7116 of the Elementary and Secondary Education Act of 1965, as amended (ESEA), the Secretary will, upon receipt of an acceptable plan for the integration of education and related services, authorize the entity receiving the funds under this program to consolidate, in accordance with the entity's plan, the funds for any Federal program exclusively serving Indian children, or the funds reserved under any Federal program to exclusively serve Indian children, that are awarded under a statutory or administrative formula to the entity, for the purpose of providing education and related services to Indian students. Instructions for submitting an integration of education and related services plan are included in the EASIE described elsewhere in this notice under Application Process and Submission Information.

Further information regarding calculation of the date that is two weeks before the application deadline date is provided later in this section under *Exception to Electronic Submission Requirement*.

Formula Grant EASIE Electronic Application System: Formula Grant EASIE is an easy-to-use, electronic application system. It communicates with data from State submissions to *EDFacts*, the Department's data collection system that contains performance information from State educational agencies about schools and Federal education programs. To the extent that your State has provided the necessary *EDFacts* data files, Formula Grant EASIE will be able to interface with *EDFacts* and pull those LEA-specific data into the application. Additionally, this system allows the Department to review applications and interact online with applicants during the application review and approval process.

The Formula Grant EASIE application is divided into two parts—Part I and Part II.

Part I, Student Count, provides the appropriate data-entry screens to submit your Indian student count totals.
