

exclude receipts from sales taxes and interest charges from credit sales.

The estimates of inventories represent all merchandise held in wholesale locations, warehouses, and offices, as well as goods held by others for sale on consignment or in transit for distribution to wholesale establishments. The estimates of inventories exclude fixtures and supplies not for resale, as well as merchandise held on consignment which are owned by others. Inventories are an important component in the Bureau of Economic Analysis's (BEA) calculation of the investment portion of the Gross Domestic Product (GDP).

We publish wholesale sales and inventory estimates based on the North American Industry Classification System (NAICS) which has been widely adopted throughout both the public and private sectors.

The Census Bureau tabulates the collected data to provide, with measurable reliability, statistics on sales, end-of-month inventories, and inventories/sales ratios for merchant wholesalers, excluding MSBOs.

The BEA is the primary Federal user of data collected in the MWTS. The BEA uses data from this form to prepare the national income and product accounts (NIPA), input-output accounts (I-O), and gross domestic product (GDP) by industry. End-of-month inventories are used to prepare the change in private inventories component of GDP. Sales are used to prepare estimates of real inventory-sales ratios in the NIPAs, extrapolate proprietors' income for wholesalers (until tax return data become available) in the NIPAs, and extrapolate annual current-dollar gross output for the most recent year in annual I-O tables, GDP-by-industry, and advance GDP-by-industry estimates.

The Bureau of Labor Statistics uses the data as input to its Producer Price Indexes and in developing productivity measurements. Private businesses use the wholesale sales and inventory data in computing business activity indexes. Other government agencies and businesses use this information for market research, product development, and business planning to gauge the current trends of the economy.

Polyethylene Terephthalate Film, Sheet, and Strip (PET Film) From Taiwan: Extension of Time Limit for the Preliminary Results of the Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* March 10, 2011.

FOR FURTHER INFORMATION CONTACT: Emily Halle or Gene Calvert, AD/CVD Operations, Office 6, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; *telephone:* (202) 482-0176 or (202) 482-3586, respectively.

SUPPLEMENTARY INFORMATION:

Background

On August 31, 2010, the Department of Commerce (the Department) initiated the administrative review of the antidumping duty order on PET Film from Taiwan covering the period July 1, 2009, through June 30, 2010. *See Initiation of Antidumping and Countervailing Duty Administrative Reviews and Deferral of Initiation of Administrative Review*, 75 FR 53274 (August 31, 2010). The current deadline for the preliminary results of review is April 2, 2011.

Extension of Time Limit for Preliminary Results

Pursuant to section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), the Department shall make a preliminary determination in an administrative review of an antidumping duty order within 245 days after the last day of the anniversary month of the date of publication of the order. The Act further provides, however, that the Department may extend that 245-day period to 365 days if it determines it is not practicable to

complete the review within the foregoing time period.

The Department finds that it is not practicable to complete the preliminary results of the administrative review of PET Film from Taiwan within this time limit. Specifically, the Department granted an extension until March 2, 2011 for Shinkong Synthetic Fibers Corporation to submit its supplemental questionnaire response. We will need additional time to review and analyze the supplemental questionnaire response when it is submitted. Therefore, in accordance with section 751(a)(3)(A) of the Act, the Department is extending the time period for completion of the preliminary results of this review from 245 days to 365 days; *i.e.*, from April 2, 2011, until July 31, 2011.

However, July 31, 2011 falls on a Sunday, and it is the Department's long-standing practice to issue a determination the next business day when the statutory deadline falls on a weekend, federal holiday, or any other day when the Department is closed. *See Notice of Clarification: Application of "Next Business Day" Rule for Administrative Determination Deadlines Pursuant to the Tariff Act of 1930, As Amended*, 70 FR 24533 (May 10, 2005). Accordingly, the deadline for the completion of these preliminary results is now no later than August 1, 2011.

This notice is issued and published in accordance with sections 751(a)(3)(A) and 777(i)(1) of the Act.

Dated: March 4, 2011.

Christian Marsh,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.
