

Request for Comments: Written comments and/or suggestions from the public and affected agencies are invited on one or more of the following points: (1) Evaluate whether the proposed collection of information is necessary for the proper performance of the function of the agency, including whether the information will have practical utility; (2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) Enhance the quality, utility, and clarity of the information to be collected; and (4) Minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

FOR FURTHER INFORMATION CONTACT: To request more information on the proposed project or to obtain a copy of the data collection plans and instruments, contact Heather Bowles, Risk Factor Monitoring and Methods Branch, Division of Cancer Control and Population Sciences, National Cancer Institute, 6130 Executive Blvd MSC 7344, Bethesda, MD 20892-7335 or call non-toll-free number 301-496-7344 or e-mail your request, including your address to: bowleshr@mail.nih.gov.

Comments Due Date: Comments regarding this information collection are best assured of having their full effect if received within 60 days of the date of this publication.

Dated: March 8, 2011.

Proposed Collection; Comment Request; Process Evaluation of the NIH Roadmap Epigenomics Program

Summary: In compliance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, for opportunity for public comment on proposed data collection projects, the National Institute of Drug Abuse (NIDA), the National Institutes of Health (NIH), will publish periodic summaries of proposed projects to be submitted to the Office of Management and Budget (OMB) for review and approval.

Proposed Collection

Title: Process Evaluation of the NIH Roadmap Epigenomics Program.

Type of Information Collection Request: New.

Need and Use of Information

Collection: The proposed information collection is essential to the process evaluation of the NIH Roadmap Epigenomics Program. The process evaluation is a requirement of each awardee funded under the NIH Roadmap Epigenomics Program. This participation requirement is stated in the program's Requests for Applications.

This evaluation study, a mixed-methods study which uses secondary source documentation and information from tracking and monitoring systems along with primary data to assess program process and progress, is non-experimental. The assessment is based on secondary source information, with primary source information collection added to augment the reliability and internal validity. The primary data collection uses information categories

that genuinely tap added distinctions and opinions that relate to it to build the weight of evidence from first-hand sources and substantiate the initial hypotheses about the program phenomenon and its differences from a typical research portfolio of individual and insular projects.

The synthesized results across primary and secondary data sources will provide critical insights on transformativeness of high-impact, trans-NIH programs and contribute important information about the synergies and collaborations in multi-component scientific research. It will also identify areas for program improvement and lessons learned that might be useful to other research programs of the Agency.

To reduce response bias and to make the survey as accessible as possible to busy principal investigators, the survey will be Web-based.

Frequency of Response: Once.

Affected Public: Principal Investigators of the program at not-for-profit institutions.

Type of Respondents: Principal Investigators.

The annual reporting burden is as follows:

Estimated number of Respondents: 53.

Estimated Number of Responses per Respondent: 1.

Average Burden Hours Per Response: 0.33.

Estimated Total Annual Burden Hours Requested: 17.49.

The annualized cost to respondents is estimated at: \$891.99.

There are no Capital Costs, Operating Costs and/or Maintenance Costs to report.

ESTIMATED ANNUALIZED BURDEN HOURS

Type of respondent	Number of respondents	Frequency of responses per respondent	Average burden hours per response	Annual burden hours requested
Principal Investigators	53	1	0.33 (20 minutes)	17.49

Request for Comments: Written comments and/or suggestions from the public and affected agencies are invited on one or more of the following points: (1) Whether the proposed collection of information is necessary for the proper performance of the function of the agency, including whether the information will have practical utility; (2) The accuracy of the agency's estimate of the burden of the proposed

collection of information, including the validity of the methodology and assumptions used; (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and (4) Ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological

collection techniques or other forms of information technology.

For Further Information Contact: To request more information on the proposed project or to obtain a copy of the data collection plans and instruments, contact Genevieve deAlmeida-Morris, PhD, M.P.H., Project Officer, Office of Science Policy and Communications, NIH/NIDA, NSC—Neuroscience Center, 5229, 6001

Executive Blvd., Rockville, MD 20852 or call non-toll-free number 301-594-6802 or e-mail your request including your address to: dealmeig@nida.nih.gov.

Comments Due Date: Comments regarding this information collection are best assured of having their full effect if received within 60-days of the date of this publication.

Dated: March 8, 2011.

Mary Affeldt,

Executive Officer (OM Director), NIDA.

National Institute of Allergy and Infectious Diseases; Notice of Closed Meeting

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended (5 U.S.C. App.), notice is hereby given of the following meeting.

The meeting will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended. The grant applications and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: National Institute of Allergy and Infectious Diseases Special Emphasis Panel; Martin Delaney Collaboratory: Towards an HIV-1 Cure.

Date: April 4-6, 2011.

Time: 8 a.m. to 5 p.m.

Agenda: To review and evaluate grant applications.

Place: Hilton Silver Spring, 8727 Colesville Road, Silver Spring, MD 20910.

Contact Person: Jay Bruce Sundstrom, PhD, Scientific Review Officer, Scientific Review Program, DEA/NIAID/NIH/DHHS, 6700B Rockledge Drive, MSC-7616, Room 3119, Bethesda, MD 20892-7616, 301-496-7042, sundstromj@niaid.nih.gov.

(Catalogue of Federal Domestic Assistance Program Nos. 93.855, Allergy, Immunology, and Transplantation Research; 93.856, Microbiology and Infectious Diseases Research, National Institutes of Health, HHS)

Dated: March 8, 2011.
