DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Dam Owner Survey to Support Management of Gulf of Maine Distinct Population Segment of Atlantic Salmon.

OMB Control Number: None.

Form Number(s): NA.

Type of Request: Regular submission (request for approval of a new information collection).

Number of Respondents: 109 per year.

Average Hours per Response: 10 minutes for owners of two or fewer dams; 1 hour for those owning three or more dams.

Burden Hours: 23 per year.

Needs and Uses: This is a request for approval of a new information collection.

In 2009, Atlantic salmon populations from the Androscoggin River in South Central Maine to the Denny's River in Eastern Maine were listed as Endangered under the Federal Endangered Species Act (ESA) (74 FR 29344, June 19, 2009). Dams were identified in the listing as a significant threat to the species survival and recovery. In order for recovery to occur, Atlantic salmon must have access to sufficient adult spawning habitat and juvenile rearing habitat to support the continued existence of a recovered salmon population. In furtherance of recovery, the National Marine Fisheries Service (NMFS) proposes to conduct a survey of dam owners.

This survey will identify opportunities for fish passage improvements or dam removal that may fit into existing funding programs directed towards improving fish passage for diadromous fish species. Information from this survey will also be collected to educate NOAA on the current use, anticipated use, and community interest in small dams. This type of information will aid NMFS in developing tools to communicate and work effectively with dam owners within the Gulf of Maine Distinct Population Segment. Information will be collected on current uses of dams, anticipated uses of dams, important issues or concerns to dam owners, and owners' interest in creating fish passage or removing dams. Associations or organizations with an interest in the dams will also be identified.

Affected Public: Business or other for-profit organizations.

Frequency: Annually (one time only, but spread over two years).

Respondent's Obligation: Voluntary.

OMB Desk Officer:

OIRA Submission@omb.eop.gov.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482-0266, Department of

Commerce, Room 6616, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to

OIRA_Submission@omb.eop.gov.

Dated: March 9, 2011.

Foreign-Trade Zones Board

[Docket 18-2011]

Foreign-Trade Zone 59—Lincoln, NE; Application for Subzone; Cabela's Inc. (Hunting, Fishing, Camping and Related Outdoor Merchandise); Sidney, NE

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Lincoln Foreign-Trade Zone, Inc., grantee of FTZ 59, requesting special-purpose subzone status for the warehousing and distribution facilities of Cabela's Inc. (Cabela's), located in Sidney, Nebraska. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on March 7, 2011.

The Cabela's facilities (210 employees) consist of two sites on 67 acres in Sidney, Nebraska: *Site 1* (55 acres) is located at 3200 Road 101, Sidney; and *Site 2* (12 acres) is located at 3232 Road 101 East, Sidney. The facilities are used for the storage and distribution of outdoor merchandise, clothing and footwear, including optics, electronics, hunting, archery, shooting, fishing, boating, camping, pet and related products (duty rate ranges from duty-free to 48%).

FTZ procedures could exempt Cabela's from customs duty payments on foreign products that will be re-exported (approximately 1% of shipments). On its domestic sales, the company would be able to defer duty payments until merchandise is shipped from the plant and entered for consumption. FTZ designation would further allow Cabela's to realize logistical benefits through the use of weekly customs entry procedures. The

request indicates that the savings from FTZ procedures would help improve the facility's international competitiveness.

In accordance with the Board's regulations, Elizabeth Whiteman of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is May 13, 2011. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to May 28, 2011.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 2111, U.S. Department of Commerce, 1401 Constitution Avenue, NW., Washington, DC 20230-0002, and in the "Reading Room" section of the Board's Web site, which is accessible via <http://www.trade.gov/ftz>.

For further information, contact Elizabeth Whiteman at Elizabeth.Whiteman@trade.gov or (202) 482-0473.

Dated: March 7, 2011.

Porcelain-on-Steel Cooking Ware From the People's Republic of China: Continuation of Antidumping Duty Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* March 14, 2011.

SUMMARY: As a result of the determinations by the Department of Commerce ("Department") and the International Trade Commission ("ITC") that revocation of the antidumping duty order on porcelain-on-steel cooking ware ("POS cookware") from the People's Republic of China ("PRC") would likely lead to a continuation or recurrence of dumping and material injury to an industry in the United States, the Department is publishing a

notice of continuation of the antidumping duty order.

FOR FURTHER INFORMATION CONTACT: Toni Dach, AD/CVD Operations, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; *telephone:* (202) 482-1655.

SUPPLEMENTARY INFORMATION:

On October 1, 2010, the Department published the notice of initiation of the sunset review of the antidumping duty order on POS cookware from the PRC pursuant to section 751(c)(2) of the Tariff Act of 1930, as amended ("the Act"). See *Initiation of Five-Year ("Sunset") Review*, 75 FR 60731 (October 1, 2010).

As a result of its review, the Department determined that revocation of the antidumping duty order on POS cookware from the PRC would likely lead to a continuation or recurrence of dumping and, therefore, notified the ITC of the magnitude of the margins likely to prevail should the order be revoked. See *Porcelain-on-Steel Cooking Ware from the People's Republic of China: Final Results of the Expedited Sunset Review of the Antidumping Duty Order*, 76 FR 7534 (February 10, 2011).

On February 16, 2011, the ITC determined, pursuant to section 751(c)(1) of the Act, that revocation of the antidumping duty order on POS cookware from the PRC would likely lead to a continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable future. See *Porcelain-on-Steel Cooking Ware From China*, 76 FR 12369 (March 7, 2011), and USITC Publication 4216 (February 2011), *Porcelain-on-Steel Cooking Ware from China*, Investigation No. 731-TA-298 (Third Review).

Scope of the Order

The merchandise covered by this order is porcelain-on-steel cooking ware from the PRC, including tea kettles, which do not have self-contained electric heating elements. All of the foregoing are constructed of steel and are enameled or glazed with vitreous glasses. The merchandise is currently classifiable under the Harmonized Tariff Schedule of the United States ("HTSUS") subheading 7323.94.00. The HTSUS subheading is provided for convenience and customs purposes. The written description of the scope remains dispositive.

Continuation of the Order

As a result of these determinations by the Department and the ITC that
