

conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the CFR, after appearing in the **Federal Register** when approved, are listed in 40 CFR part 9, and displayed either by publication in the **Federal Register** or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers in certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: The affected entities are subject to the General Provisions of the NESHAP at 40 CFR part 63, subpart A, and any changes, or additions to the Provisions specified at 40 CFR part 63, subpart LL.

Owners or operators of the affected facilities must submit a one-time-only report of any physical or operational changes, initial performance tests, and periodic reports and results. Owners or operators are also required to maintain records of the occurrence and duration of any startup, shutdown, or malfunction in the operation of an affected facility, or any period during which the monitoring system is inoperative. Reports, at a minimum, are required semiannually.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 2,010 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: Owners or operators of primary aluminum reduction plants.

Estimated Number of Respondents: 16.

Frequency of Response: Initially, semiannually and annually.

Estimated Total Annual Hour Burden: 80,398.

Estimated Total Annual Cost: \$7,599,556, which includes \$7,508,208 in labor costs and \$91,348 in operation and maintenance (O&M) costs. There are no annualized capital/startup costs for this ICR.

Changes in the Estimates: There is no change in the calculation methodology for labor hours and Agency costs in this ICR compared to the previous ICR. This is due to two considerations. First, the regulations have not changed over the past three years and are not anticipated to change over the next three years. Secondly, the growth rate for the respondents is very low, negative, or non-existent. It should be noted that there is an apparent increase of 352 hours in respondent labor hours. This is due to a mathematical error in the previous ICR.

The increase in cost to Respondents and the Agency is due to updating of the labor rates to reflect the most recent available estimates. There are no changes to the capital/startup or operation and maintenance costs.

Dated: March 11, 2011.

John Moses,

Director, Collection Strategies Division.

Proposed CERCLA Administrative Cost Recovery Settlement; Eugenio Painting Company

AGENCY: Environmental Protection Agency.

ACTION: Notice; request for public comment.

SUMMARY: In accordance with Section 122(i) of the Comprehensive Environmental Response, Compensation, and Liability Act, as amended ("CERCLA"), 42 U.S.C. 9622(i), notice is hereby given of a proposed administrative settlement for recovery of past response costs concerning the Industrial Street Drum Site in Dearborn, Michigan with the following settling party: Eugenio Painting Company. The settlement requires the settling party to pay \$20,000 to the Hazardous Substance Superfund. The settlement includes a covenant not to sue the settling party pursuant to Section 107(a) of CERCLA, 42 U.S.C. 9607(a). For thirty (30) days following the date of publication of this notice, the Agency will receive written comments relating to the settlement. The Agency will consider all such

comments received and may modify or withdraw its consent to the settlement if comments received disclose facts or considerations which indicate that the settlement is inappropriate, improper, or inadequate.

DATES: Written comments on the proposed settlement must be received by EPA's designee on or before close of business on April 18, 2011 to be assured of consideration.

ADDRESSES: Comments should reference the Industrial Street Drum Site and should be addressed to Robert H. Smith, U.S. EPA, 77 W. Jackson Blvd (C-14J), Chicago, IL 60604-3590.

FOR FURTHER INFORMATION CONTACT: Robert H. Smith, U.S. EPA, 77 W. Jackson Blvd (C-14J), Chicago, IL 60604-3590, 312-886-0765. A copy of the proposed settlement and the Agency's response to any comments received may be obtained from the above contact as well. Additional background information relating to the settlement is available for review at the EPA's Region 5 Office of Regional Counsel.

Authority: 42 U.S.C. 9601-9675.

Dated: March 2, 2011.

Douglas E. Ballotti,

Acting Director, Superfund Division, Region 5.

Environmental Impacts Statements; Notice of Availability

Responsible Agency: Office of Federal Activities, General Information (202) 564-1399 or <http://www.epa.gov/compliance/nepa/>.

Weekly Receipt of Environmental Impact Statements

Filed 03/07/2011 Through 03/11/2011. Pursuant to 40 CFR 1506.9.

Notice

In accordance with Section 309(a) of the Clean Air Act, EPA is required to make its comments on EISs issued by other Federal agencies public. Historically, EPA met this mandate by publishing weekly notices of availability of EPA comments, which includes a brief summary of EPA's comment letters, in the **Federal Register**. Since February 2008, EPA has included its comment letters on EISs on its Web site at: <http://www.epa.gov/compliance/nepa/eisdata.html>. Including the entire
