Importation of French Beans and Runner Beans From the Republic of Kenya Into the United States

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Proposed rule.

SUMMARY: We are proposing to amend the fruits and vegetables regulations to allow the importation of French beans and runner beans from the Republic of Kenya into the United States. As a condition of entry, both commodities would have to be produced in accordance with a systems approach that would include requirements for packing, washing, and processing. Both commodities would also be required to be accompanied by a phytosanitary certificate attesting that all phytosanitary requirements have been met and that the consignment was inspected and found free of quarantine pests. This action would allow for the importation of French beans and runner beans from the Republic of Kenya into

the United States while continuing to provide protection against the introduction of plant pests.
