Title: Livestock & Meat Market News.

OMB Control Number: 0581-0154.

Summary of Collection: The Agricultural Marketing Act of 1946 (7 U.S.C. 1621), Section 203(q), directs and authorizes the collection and dissemination of marketing information including adequate outlook information, on a market area basis, for the purpose of anticipating and meeting consumer requirements aiding in the maintenance of farm income and to bring about a balance between production and utilization. Livestock and Meat Market News provides a timely exchange of accurate and unbiased information on current marketing conditions affecting trade in livestock, meats, grain, and wool. Administered by the U.S. Department of Agriculture's Agricultural Marketing Service (AMS), this nationwide market news program is conducted in cooperation with approximately 27 States departments of agriculture. AMS will collect information using market reports.

AMS will collect information on price, supply, demand, trends, movement, and other information of livestock, meat carcasses, meat and pork cuts, and meat byproducts. Several agencies, agricultural universities and college use the information collected to keep appraised of the current market conditions, movement of livestock and meat in the United States and to determine available supplies and current pricing.
