

institution to pay claims. Under the statutory order of priority, administrative expenses and deposit liabilities must be paid in full before any distribution may be made to general unsecured creditors or any lower priority claims.

As of December 31, 2010, the value of assets available for distribution by the Receiver, together with all expected recovery sources, was \$14,671,702. As of the same date, administrative expenses and depositor liabilities equaled \$41,374,312, exceeding available assets by at least \$26,702,610. Accordingly, the FDIC has determined that insufficient assets exist to make any distribution on general unsecured creditor claims (and any lower priority claims) and therefore all such claims, asserted or unasserted, will recover nothing and have no value.
