

Obligation to Respond: Required to obtain or retain benefits. The statutory authority for this collection of information is contained in the Telecommunications Act of 1996, Public Law 104–104, Sections 301 and 302, 110 Stat. 56, 114–124.

Total Annual Burden: 210 hours.

Total Annual Cost: None.

Privacy Act Impact Assessment: No impact(s).

Nature and Extent of Confidentiality: There is no need for confidentiality with this collection of information.

Needs and Uses: 47 CFR 76.952 states that all cable operators must provide to the subscribers on monthly bills the name, mailing address and phone number of the franchising authority, unless the franchising authority in writing requests that the cable operator omits such information. The cable operator must also provide subscribers with the FCC community unit identifier for the cable system in their communities.

47 CFR 76.990(b)(1) requires that a small cable operator may certify in writing to its franchise authority at any time that it meets all criteria necessary to qualify as a small operator. Upon request of the local franchising authority, the operator shall identify in writing all of its affiliates that provide cable service, the total subscriber base of itself and each affiliate, and the aggregate gross revenues of its cable and non-cable affiliates. Within 90 days of receiving the original certification, the local franchising authority shall determine whether the operator qualifies for deregulation and shall notify the operator in writing of its decision, although this 90-day period shall be tolled for so long as it takes the operator to respond to a proper request for information by the local franchising authority. An operator may appeal to the Commission a local franchise authority's information request if the operator seeks to challenge the information request as unduly or unreasonably burdensome. If the local franchising authority finds that the operator does not qualify for deregulation, its notice shall state the grounds for that decision. The operator may appeal the local franchising authority's decision to the Commission within 30 days.

47 CFR 76.990(b)(3) requires that within 30 days of being served with a local franchising authority's notice that the local franchising authority intends to file a cable programming services tier rate complaint, an operator may certify to the local franchising authority that it meets the criteria for qualification as a small cable operator. This certification

shall be filed in accordance with the cable programming services rate complaint procedure set forth in § 76.1402. Absent a cable programming services rate complaint, the operator may request a declaration of CPST rate deregulation from the Commission pursuant to § 76.7.

The contents of the file vary according to type of service and status. A separate file shall be maintained for each station for which an application is pending or for which an authorization is outstanding. The public inspection file must be maintained so long as an authorization to operate the station is outstanding.

All or part of this file may be maintained in a computer database as long as a computer terminal is made available to members of the public. Materials in the public file must be made available for review, printing or reproduction upon request.

Licensees that maintain their main studios and public file outside their communities of license are required to mail a copy of "The Public and Broadcasting" to anyone requesting a copy. Licensees shall be prepared to assist members of the public in identifying the documents they may want to be sent to them by mail.

47 CFR 73.3526(d) and 73.3527(d) require an assignor to maintain the public inspection file until such time as the assignment is consummated. At that time, the assignee is required to maintain the file.

For commercial TV broadcast stations, records sufficient to permit substantiation of the station's certification, in its license renewal application, of compliance with the commercial limits on children's television programming. The records must be placed in the public file quarterly. The FCC Form 398, Children's Television Programming Reports, reflecting efforts made by the licensee during the preceding quarter, and efforts planned for the next quarter, to serve the educational and informational needs of children must be placed in the public file quarterly;

(l) For Commercial radio stations, a list of community issues addressed by the station's programming. This list is kept on a quarterly basis and contains a brief description of how each issue was treated;

Stations must retain in their public inspection file a copy of their FCC Form 388—DTV Consumer Education Quarterly Activity Report on a quarterly basis. The Report for each quarter is to be placed in the public inspection file by the tenth day of the succeeding calendar quarter. These Reports shall be retained in the public inspection file for one year. Broadcasters must publicize in an appropriate manner the existence and location of these Reports.

47 CFR 76.1701 and 73.1943 require every cable television system and licensees of broadcast stations to keep and permit public inspection of a complete record (political file) of all requests for cablecast time made by or on behalf of candidates for public office, together with an appropriate notation showing the disposition made by the system of such requests, and the charges made, if any, if the request is granted. The disposition includes the schedule of time purchased, when the spots actually aired, the rates charged, and the classes of time purchased. Also, when free time is provided for use by or on behalf of candidates, a record of the free time provided is to be placed in the political file as soon as possible and maintained for a period of two years. 47 CFR 76.1701 also requires that, when an entity sponsors origination cablecasting material that concerns a political matter or a discussion of a controversial issue of public importance, a list must be maintained in the public file of the system that includes the sponsoring entity's chief executive officers, or members of its executive committee or of its board of directors.
