

approximately 1,500 feet underground in the Rustler Formation. Once mined, the polyhalite is hoisted to the surface, crushed, calcined, leached, and granulated to produce sulfate of potash, the saleable product. The final product will be moved via truck to a load-out facility near Jal, where it will be loaded on trains and shipped.

The purpose of the public scoping process is to determine relevant issues that will influence the scope of the environmental analysis, including alternatives, and guide the process for developing the EIS. At present, the BLM has identified the following preliminary issues:

- Water availability;
- Impacts from subsidence;
- Impacts to oil and gas exploration and operation in the project area;
- Impacts to air quality; and
- Impacts to wildlife and range.

The BLM will utilize and coordinate the NEPA commenting process to satisfy the public involvement process for Section 106 of the National Historic Preservation Act (16 U.S.C. 470f) as provided for in 36 CFR 800.2(d)(3). Native American tribal consultations will be conducted in accordance with policy, and tribal concerns will be given due consideration, including impacts on Indian trust assets. Federal, State, and local agencies, along with other stakeholders that may be interested or affected by the BLM's decision on this project are invited to participate in the scoping process and, if eligible, may request or be requested by the BLM to participate as a cooperating agency.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Charter Renewal for the National Park System Advisory Board

AGENCY: Department of the Interior, National Park Service.

ACTION: Charter Renewal.

SUMMARY: The Secretary of the Interior intends to renew the charter for the National Park System Advisory Board, in accordance with section 14(b) of the Federal Advisory Committee Act. This action is necessary and in the public interest in connection with the performance of statutory duties imposed upon the Department of the Interior and the National Park Service.

FOR FURTHER INFORMATION CONTACT: Shirley Sears Smith, (202) 354-3955.

SUPPLEMENTARY INFORMATION: The Board was established initially by section 3 of the Act of August 21, 1935 (49 Stat. 667; 16 U.S.C. 463), and has been in existence almost continuously since then. Pursuant to Public Law 111-8, the legislative authorization for the Board expired January 1, 2010. However, due to the importance of the issues on which the Board advises, the Secretary of the Interior exercised the authority contained in Section 3 of Public Law 91-383 (16 U.S.C. 1a-2(c)) to re-establish and continue the Board as a discretionary committee from January 1, 2010, until such time as it may be legislatively reauthorized. If the Board is reauthorized legislatively within 2 years of the date of the renewal charter, the Board will revert to a legislative Board.

The advice and recommendations provided by the Board and its subcommittees fulfill an important need within the Department of the Interior and the National Park Service, and it is necessary to re-establish the Board to ensure its work is not disrupted. The Board's twelve members will be balanced to represent a cross-section of disciplines and expertise relevant to the National Park Service mission. The renewal of the Board comports with the requirements of the Federal Advisory Committee Act, as amended (5 U.S.C., Appendix), and follows consultation with the General Services Administration.

Certification: I hereby certify that the renewal of the National Park System Advisory Board is necessary and in the public interest in connection with the performance of duties imposed on the Department of the Interior by the Act of August 25, 1916, 16 U.S.C. 1 *et seq.*, and
