(Approved by the Office of Management and Budget under control numbers 3038-0007, and 3038-0024)

[46 FR 54518, Nov. 3, 1981, as amended at 46 FR 63035, Dec. 30, 1981; 50 FR 36051, Sept. 5, 1985; 65 FR 78009, Dec. 13, 2000]

§ 1.21 Care of money and equities accruing to customers.

All money received directly or indirectly by, and all money and equities accruing to, a futures commission merchant from any clearing organization or from any clearing member or from any member of a contract market incident to or resulting from any trade, contract or commodity option made by or through such futures commission merchant on behalf of any commodity or option customer shall be considered as accruing to such commodity or option customer within the meaning of the Act and these regulations. Such money and equities shall be treated and dealt with as belonging to such commodity or option customer in accordance with the provisions of the Act and these regulations. Money and equities accruing in connection with commodity or option customers' open trades, contracts, or commodity options need not be separately credited to individual accounts but may be treated and dealt with as belonging undivided to all commodity or option customers having open trades, contracts, or commodity option positions which if closed would result in a credit to such commodity or option customers.

[46 FR 54519, Nov. 3, 1981]

§ 1.22 Use of customer funds restricted.

No futures commission merchant shall use, or permit the use of, the customer funds of one commodity and/or option customer to purchase, margin, or settle the trades, contracts, or commodity options of, or to secure or extend the credit of, any person other than such customer or option customer. Customer funds shall not be used to carry trades or positions of the same commodity and/or option customer other than in commodities or

commodity options traded through the facilities of a contract market.

[47 FR 57007, Dec. 22, 1982]

§ 1.23 Interest of futures commission merchant in segregated funds; additions and withdrawals.

The provision in section 4d(2) of the Act and the provision in § 1.20(c), which prohibit the commingling of customer funds with the funds of a futures commission merchant, shall not be construed to prevent a futures commission merchant from having a residual financial interest in the customer funds, segregated as required by the Act and the rules in this part and set apart for the benefit of commodity or option customers; nor shall such provisions be construed to prevent a futures commission merchant from adding to such segregated customer funds such amount or amounts of money, from its own funds or unencumbered securities from its own inventory, of the type set forth in § 1.25, as it may deem necessary to ensure any and all commodity or option customers' accounts from becoming undersegregated at any time. The books and records of a futures commission merchant shall at all times accurately reflect its interest in the segregated funds. A futures commission merchant may draw upon such segregated funds to its own order, to the extent of its actual interest therein, including the withdrawal of securities held in segregated safekeeping accounts held by a bank, trust company, contract market clearing organization or other futures commission merchant. Such withdrawal shall not result in the funds of one commodity and/or option customer being used to purchase, margin or carry the trades, contracts or commodity options, or extend the credit of any other commodity customer, option customer or other person.

[62 FR 42400, Aug. 7, 1997]

§ 1.24 Segregated funds; exclusions therefrom.

Money held in a segregated account by a futures commission merchant shall not include: (a) Money invested in obligations or stocks of any clearing organization or in memberships in or obligations of any contract market; or
