

## Commodity Futures Trading Commission

## § 1.24

That customer funds may be invested in instruments described in § 1.25.

(Approved by the Office of Management and Budget under control numbers 3038-0007, and 3038-0024)

[46 FR 54518, Nov. 3, 1981, as amended at 46 FR 63035, Dec. 30, 1981; 50 FR 36051, Sept. 5, 1985; 65 FR 78009, Dec. 13, 2000]

### § 1.21 Care of money and equities accruing to customers.

All money received directly or indirectly by, and all money and equities accruing to, a futures commission merchant from any clearing organization or from any clearing member or from any member of a contract market incident to or resulting from any trade, contract or commodity option made by or through such futures commission merchant on behalf of any commodity or option customer shall be considered as accruing to such commodity or option customer within the meaning of the Act and these regulations. Such money and equities shall be treated and dealt with as belonging to such commodity or option customer in accordance with the provisions of the Act and these regulations. Money and equities accruing in connection with commodity or option customers' open trades, contracts, or commodity options need not be separately credited to individual accounts but may be treated and dealt with as belonging undivided to all commodity or option customers having open trades, contracts, or commodity option positions which if closed would result in a credit to such commodity or option customers.

[46 FR 54519, Nov. 3, 1981]

### § 1.22 Use of customer funds restricted.

No futures commission merchant shall use, or permit the use of, the customer funds of one commodity and/or option customer to purchase, margin, or settle the trades, contracts, or commodity options of, or to secure or extend the credit of, any person other than such customer or option customer. Customer funds shall not be used to carry trades or positions of the same commodity and/or option customer other than in commodities or

commodity options traded through the facilities of a contract market.

[47 FR 57007, Dec. 22, 1982]

### § 1.23 Interest of futures commission merchant in segregated funds; additions and withdrawals.

The provision in section 4d(2) of the Act and the provision in § 1.20(c), which prohibit the commingling of customer funds with the funds of a futures commission merchant, shall not be construed to prevent a futures commission merchant from having a residual financial interest in the customer funds, segregated as required by the Act and the rules in this part and set apart for the benefit of commodity or option customers; nor shall such provisions be construed to prevent a futures commission merchant from adding to such segregated customer funds such amount or amounts of money, from its own funds or unencumbered securities from its own inventory, of the type set forth in § 1.25, as it may deem necessary to ensure any and all commodity or option customers' accounts from becoming undersegregated at any time. The books and records of a futures commission merchant shall at all times accurately reflect its interest in the segregated funds. A futures commission merchant may draw upon such segregated funds to its own order, to the extent of its actual interest therein, including the withdrawal of securities held in segregated safekeeping accounts held by a bank, trust company, contract market clearing organization or other futures commission merchant. Such withdrawal shall not result in the funds of one commodity and/or option customer being used to purchase, margin or carry the trades, contracts or commodity options, or extend the credit of any other commodity customer, option customer or other person.

[62 FR 42400, Aug. 7, 1997]

### § 1.24 Segregated funds; exclusions therefrom.

Money held in a segregated account by a futures commission merchant shall not include: (a) Money invested in obligations or stocks of any clearing organization or in memberships in or obligations of any contract market; or

## § 1.25

## 17 CFR Ch. I (4–1–01 Edition)

(b) money held by any clearing organization which it may use for any purpose other than to purchase, margin, guarantee, secure, transfer, adjust, or settle the contracts, trades, or commodity options of the commodity or option customers of such futures commission merchant.

[46 FR 54519, Nov. 3, 1981]

### § 1.25 Investment of customer funds.

(a) *Permitted investments.* (1) Subject to the terms and conditions set forth in this section, a futures commission merchant or a clearing organization may invest customer funds in the following instruments (permitted investments):

(i) Obligations of the United States and obligations fully guaranteed as to principal and interest by the United States (U.S. government securities);

(ii) General obligations of any State or of any political subdivision thereof (municipal securities);

(iii) General obligations issued by any agency sponsored by the United States (government sponsored agency securities);

(iv) Certificates of deposit issued by a bank (certificates of deposit) as defined in section 3(a)(6) of the Securities Exchange Act of 1934, or a domestic branch of a foreign bank that carries deposits insured by the Federal Deposit Insurance Corporation;

(v) Commercial paper;

(vi) Corporate notes;

(vii) General obligations of a sovereign nation; and

(viii) Interests in money market mutual funds.

(2) In addition, a futures commission merchant or a clearing organization may buy and sell the permitted investments listed in paragraphs (a)(1)(i) through (viii) of this section pursuant to agreements for resale or repurchase of the instruments, in accordance with the provisions of paragraph (d) of this section.

(b) *General terms and conditions.* A futures commission merchant or a clearing organization is required to manage the permitted investments consistent with the objectives of preserving principal and maintaining liquidity and according to the following specific requirements.

(1) *Marketability.* Except for interests in money market mutual funds, investments must be “readily marketable” as defined in §240.15c3–1 of this title.

(2) *Ratings.* (i) *Initial requirement.* Instruments that are required to be rated by this section must be rated by an NRSRO. For an investment to qualify as a permitted investment, ratings are required as follows:

(A) U.S. government securities need not be rated;

(B) Municipal securities, government sponsored agency securities, certificates of deposit, commercial paper, and corporate notes, except notes that are asset-backed, must have the highest short-term rating of an NRSRO or one of the two highest long-term ratings of an NRSRO;

(C) Corporate notes that are asset-backed must have the highest ratings of an NRSRO;

(D) Sovereign debt must be rated in the highest category by at least one NRSRO; and

(E) Money market mutual funds that are rated by an NRSRO must be rated at the highest rating of the NRSRO.

(ii) *Effect of downgrade.* If an NRSRO lowers the rating of an instrument that was previously a permitted investment on the basis of that rating to below the minimum rating required under this section, the value of the instrument recognized for segregation purposes will be the lesser of:

(A) The current market value of the instrument; or

(B) The market value of the instrument on the business day preceding the downgrade, reduced by 20 percent of that value for each business day that has elapsed since the downgrade.

(3) *Restrictions on instrument features.*

(i) With the exception of money market mutual funds, no permitted investment may contain an embedded derivative of any kind, including but not limited to a call option, put option, or collar, cap, or floor on interest paid.

(ii) No instrument may contain interest-only payment features.

(iii) No instrument may provide payments linked to a commodity, currency, reference instrument, index, or benchmark except as provided in paragraph (b)(3)(iv) of this section.
