

Commodity Futures Trading Commission

§ 1.46

(c) To permit visitation of the premises and inspection of the books and records of such warehouses, depositories and other similar entities by duly authorized representatives of the Commission or the Department of Justice, and to keep all books, records, papers, and memoranda relating to the storage and warehousing of commodities in such warehouse, depository or other similar entity for a period of 5 years from the date thereof.

(Approved by the Office of Management and Budget under control number 3038-0019)

(Sec. 5a, 49 Stat. 1497; 7 U.S.C. 7a)

[41 FR 3194, Jan. 21, 1976, as amended at 46 FR 63035, Dec. 30, 1981; 47 FR 57009, Dec. 22, 1982]

§ 1.45 Delivery of commodities conforming to United States standards.

Each contract market shall require that all contracts of sale of any commodity for future delivery on or subject to the rules of such contract market shall provide for the delivery thereunder of commodities of grades conforming to United States standards if such standards shall have been officially promulgated and adopted by the Commission. In the event of a change in United States standards, all contracts made on and after the effective date of the adoption of the revised standard by the Commission shall be made on the basis of the standards as changed: *Provided*, That this shall not be construed to prevent the closing of trades made prior to the effective date of such adoption by the Commission.

(Sec. 5a, 49 Stat. 1498; 7 U.S.C. 7a)

§ 1.46 Application and closing out of offsetting long and short positions.

(a) *Application of purchases and sales.* Except with respect to purchases or sales which are for omnibus accounts, any futures commission merchant who, on or subject to the rules of a contract market:

(1) Purchases any commodity for future delivery for the account of any customer when the account of such customer at the time of such purchase has a short position in the same future of the same commodity on the same market;

(2) Sells any commodity for future delivery for the account of any customer when the account of such customer at the time of such sale has a long position in the same future of the same commodity on the same market;

(3) Purchases a put or call option for the account of any option customer when the account of such option customer at the time of such purchase has a short put or call option position with the same underlying futures contract or same underlying physical, strike price, expiration date and contract market as that purchased; or

(4) Sells a put or call option for the account of any option customer when the account of such option customer at the time of such sale has a long put or call option position with the same underlying futures contract or same underlying physical, strike price, expiration date and contract market as that sold shall on the same day apply such purchase or sale against such previously held short or long futures or option position, as the case may be, and shall, for futures transactions, promptly furnish such customer a statement showing the financial result of the transactions involved and, if applicable, that the account was introduced to the futures commission merchant by an introducing broker and the names of the futures commission merchant and introducing broker.

(b) *Close-out against oldest open position.* In all instances wherein the short or long futures or option position in such customer's or option customer's account immediately prior to such offsetting purchase or sale is greater than the quantity purchased or sold, the futures commission merchant shall apply such offsetting purchase or sale to the oldest portion of the previously held short or long position: *Provided*, That upon specific instructions from the customer or option customer the offsetting transaction shall be applied as specified by the customer or option customer without regard to the date of acquisition of the previously held position. Such instructions may also be accepted from any person who, by power of attorney or otherwise, actually directs trading in the customer's or option customer's account unless the person directing the trading is the futures
