claimants can obtain compensation through their own efforts, the ability of the respondent to pay claimants damages that his or her violations have caused, the availability of resources to administer restitution and any other matters that justice may require.

(b) *Restitution order.* If the Administrative Law Judge determines that restitution is an appropriate remedy in a proceeding, he or she shall issue an order specifying the following:

(1) All violations that form the basis for restitution;

(2) The particular persons, or class or classes of persons, who suffered damages proximately caused by each such violation;

(3) The method of calculating the amount of damages to be paid as restitution; and

(4) If then determinable, the amount of restitution the respondent shall be required to pay.

§ 10.111 Recommendation of procedure for implementing restitution.

Except as provided by § 10.114, after such time as any order requiring restitution becomes effective (*i.e.*, becomes final and is not stayed), the Division of Enforcement shall petition the Commission for an order directing the Division to recommend to the Commission or, in the Commission's discretion, the Administrative Law Judge a procedure for implementing restitution. Each party that has been ordered to pay restitution shall be afforded an opportunity to review the Division of Enforcement's recommendations and be heard.

§ 10.112 Administration of restitution.

Based on the recommendations submitted pursuant to § 10.111, the Commission or the Administrative Law Judge, as applicable, shall establish in writing a procedure for identifying and notifying individual persons who may be entitled to restitution, receiving and evaluating claims, obtaining funds to be paid as restitution from the party and distributing such funds to qualified claimants. As necessary or appropriate, the Commission or the Administrative Law Judge may appoint any person, including an employee of the Commission, to administer, or assist in admin-

istering, such restitution procedure. Unless otherwise ordered by the Commission, all costs incurred in administering an order of restitution shall be paid from the restitution funds obtained from the party who was so sanctioned; provided, however, that if the administrator is a Commission employee, no fee shall be charged for his or her services or for services performed by any other Commission employee working under his or her direction.

§ 10.113 Right to challenge distribution of funds to customers.

Any order of an Administrative Law Judge directing or authorizing the distribution of funds paid as restitution to individual customers shall be considered a final order for appeal purposes to be subject to Commission review pursuant to § 10.102.

§ 10.114 Acceleration of establishment of restitution procedure.

The procedures provided for by §§ 10.111 through 10.113 may be initiated prior to the issuance of the initial decision of the Administrative Law Judge and may be combined with the hearing in the proceeding, either upon motion by the Division of Enforcement or if the Administrative Law Judge, acting on his own initiative or upon motion by a respondent, concludes that the presentation, consideration and resolution of the issues relating to the restitution procedure will not materially delay the conclusion of the hearing or the issuance of the initial decision.

APPENDIX A TO PART 10—COMMISSION POLICY RELATING TO THE ACCEPTANCE OF SETTLEMENTS IN ADMINISTRATIVE AND CIVIL PROCEEDINGS

It is the policy of the Commission not to accept any offer of settlement submitted by any respondent or defendant in an administrative or civil proceeding, if the settling respondent or defendant wishes to continue to deny the allegations of the complaint or the findings of fact or conclusions of law to be made in the settlement order entered by the Commission or a court. In accepting a settlement and entering an order finding violations of the Act and/or regulations promulgated under the Act, the Commission makes uncontested findings of fact and conclusions

of law. Similarly, in settling a civil proceeding with a defendant the Commission invites the federal court to make conclusions of law and, in some instances, findings of fact. The Commission does not believe it would be appropriate for it to be making or inviting a court to make such uncontested findings of violations if the party against whom the findings and conclusions are to be entered is continuing to deny the alleged misconduct.

The refusal of a settling respondent or defendant to admit the allegations in a Commission-instituted complaint or the findings of fact or conclusions of law in the settlement order entered by the Commission or a court shall be treated as a denial, unless the party states that he or she neither admits nor denies the allegations or the findings and conclusions. In that event, the proposed offer of settlement, consent or consent order must include a provision stating that, by neither admitting nor denying the allegations, findings or conclusions, the settling respondent or defendant agrees that neither he or she nor any of his or her agents or employees under his authority or control shall take any action or make any public statement denying, directly or indirectly, any allegation in the complaint or findings or conclusions in the order, or creating, or tending to create, the impression that the complaint or the order is without a factual basis; provided, however, that nothing in this provision shall affect the settling respondent's or defendant's—

- i. Testimonial obligation, or
- ii. Right to take legal positions in other proceedings to which the Commission is not a party.
