

Securities and Exchange Commission

§ 240.17Ad-13

(e) For purposes of this section, the market value of an issue shall be determined as of the last business day on which market value information is available during the reporting period.

(f) A copy of any report required under this section shall be retained by the reporting transfer agent for a period of not less than three years, the first year in an easily accessible place.

(Secs. 2, 17(a), 17A(d) and 23(a) thereof, 15 U.S.C. 78b, 78q(a), 78q-1(d) and 78w(a))

§ 240.17Ad-12 Safeguarding of funds and securities.

(a) Any registered transfer agent that has custody or possession of any funds or securities related to its transfer agent activities shall assure that: (1) All such securities are held in safekeeping and are handled, in light of all facts and circumstances, in a manner reasonably free from risk of destruction, theft or other loss; and (2) All such funds are protected, in light of all facts and circumstances, against misuse. In evaluating which particular safeguards and procedures must be employed, the cost of the various safeguards and procedures as well as the nature and degree of potential financial exposure are two relevant factors.

(Secs. 2, 17(a), 17A(d) and 23(a) thereof, 15 U.S.C. 78b, 78q(a), 78q-1(d) and 78w(a))

§ 240.17Ad-13 Annual study and evaluation of internal accounting control.

(a) *Accountant's report.* Every registered transfer agent, except as provided in paragraph (d) of this section, shall file annually with the Commission and the transfer agent's appropriate regulatory agency in accordance with § 240.17Ad-2(h), a report specified in paragraph (a)(1) of this section prepared by an independent accountant concerning the transfer agent's system of internal accounting control and related procedures for the transfer of record ownership and the safeguarding of related securities and funds. That report shall be filed within 90 calendar days of the date of the study and evaluation set forth in paragraph (a)(1).

(1) The accountant's report shall:

(i) State whether the study and evaluation was made in accordance with generally accepted auditing standards using the criteria set forth in paragraph (a)(3) of this section;

(ii) Describe any material inadequacies found to exist as of the date of the study and evaluation and any corrective action taken, or if no material inadequacy existed, the report shall so state;

(iii) Comment on the current status of any material inadequacy described in the immediately preceding report; and

(iv) Indicate the date of the study and evaluation.

(2) The study and evaluation of the transfer agent's system of internal accounting control for the transfer of record ownership and the safeguarding of related securities and funds shall cover the following:

(i) Transferring securities related to changes of ownership (*i.e.*, cancellation of certificates or other instruments evidencing prior ownership and issuance of certificates or instruments evidencing current ownership);

(ii) Registering changes of ownership on the books and records of the issuer;

(iii) Transferring record ownership as a result of corporate actions (*e.g.*, issuance, retirement, redemption, liquidation, conversion, exchange, tender offer or other types of reorganization);

(iv) Dividend disbursement or interest paying-agent activities;

(v) Administering dividend reinvestment programs; and

(vi) Distributing statements respecting initial offerings of securities.

(3) For purposes of this report, the objectives of a transfer agent's system of internal accounting control for the transfer of record ownership and the safeguarding of related securities and funds should be to provide reasonable, but not absolute, assurance that securities and funds are safeguarded against loss from unauthorized use or disposition and that transfer agent activities are performed promptly and accurately. For purposes of this report, a material inadequacy is a condition for which the independent accountant believes that the prescribed procedures or the degree of compliance with them do not reduce to a relatively low level the
