(2) Bids for or purchases of any security made or effected by or for a plan shall be deemed to be a purchase by the issuer unless the bid is made, or the purchase is effected, by an agent independent of the issuer.

(d) *Excepted Securities.* The provisions of this section shall not apply to any of the following securities:

(1) *Actively-traded reference securities.* Reference securities with an ADTV value of at least \$1 million that are issued by an issuer whose common equity securities have a public float value of at least \$150 million; *Provided, however,* That such securities are not issued by the issuer, or any affiliate of the issuer, of the security in distribution.

(2) *Investment grade nonconvertible and asset-backed securities.* Nonconvertible debt securities, nonconvertible preferred securities, and asset-backed securities, that are rated by at least one nationally recognized statistical rating organization, as that term is used in § 240.15c3-1 of this chapter, in one of its generic rating categories that signifies investment grade; or

§ 242.103 Nasdaq passive market making.

(a) *Scope of Section.* This section permits broker-dealers to engage in market making transactions in covered securities that are Nasdaq securities without violating the provisions of § 242.101; *Except That* this section shall not apply to any security for which a stabilizing bid subject to § 242.104 is in effect, or during any at-the-market offering or best efforts offering.

(b) *Conditions to be Met—(1) General limitations.* A passive market maker must effect all transactions in the capacity of a registered market maker on Nasdaq. A passive market maker shall not bid for or purchase a covered security at a price that exceeds the highest independent bid for the covered security at the time of the transaction, except as permitted by paragraph (b)(3) of this section or required by a rule promulgated by the Commission or the NASD governing the handling of customer orders.

(2) *Purchase limitation.* On each day of the restricted period, a passive market maker’s net purchases shall not exceed the greater of its 30% ADTV limitation or 200 shares (together, “purchase limitation”); *Provided, however,* That a passive market maker may purchase all of the securities that are part of a single order that, when executed, results in its purchase limitation being equalled or exceeded. If a passive market maker’s net purchases equal or exceed its purchase limitation, it shall withdraw promptly its quotations from Nasdaq. If a passive market maker withdraws its quotations pursuant to this paragraph, it may not effect any bid or purchase in the covered security for the remainder of that day, irrespective of any later sales during that day, unless otherwise permitted by § 242.101.

(3) *Requirement to lower the bid.* If all independent bids for a covered security are reduced to a price below the passive market maker's bid, the passive market maker must lower its bid promptly to a level not higher than the then highest independent bid; *Provided, however,* That a passive market maker may continue to bid and effect purchases at its bid at a price exceeding the then highest independent bid until the passive market maker purchases an aggregate amount of the covered security that equals or, through the purchase of all securities that are part of a single order, exceeds the lesser of two times the minimum quotation size for the security, as determined by NASD rules, or the passive market maker's remaining purchasing capacity under paragraph (b)(2) of this section.

(4) *Limitation on displayed size.* At all times, the passive market maker's displayed bid size may not exceed the lesser of the minimum quotation size for the covered security, or the passive market maker's remaining purchasing capacity under paragraph (b)(2) of this section; *Provided, however,* That a passive market maker whose purchasing capacity at any time is between one and 99 shares may display a bid size of 100 shares.

(5) *Identification of a passive market making bid.* The bid displayed by a passive market maker shall be designated as such.

(6) *Notification and reporting to the NASD.* A passive market maker shall notify the NASD in advance of its intention to engage in passive market making, and shall submit to the NASD information regarding passive market making purchases, in such form as the NASD shall prescribe.

(7) *Prospectus disclosure.* The prospectus for any registered offering in which any passive market maker intends to effect transactions in any covered security shall contain the information required in §§ 228.502, 228.508, 229.502, and 229.508 of this chapter.

(c) *Transactions at Prices Resulting from Unlawful Activity.* No transaction shall be made at a price that the passive market maker knows or has reason to know is the result of activity that is fraudulent, manipulative, or de-

ceptive under the securities laws, or any rule or regulation thereunder.

§ 242.104 Stabilizing and other activities in connection with an offering.

(a) *Unlawful Activity.* It shall be unlawful for any person, directly or indirectly, to stabilize, to effect any syndicate covering transaction, or to impose a penalty bid, in connection with an offering of any security, in contravention of the provisions of this section. No stabilizing shall be effected at a price that the person stabilizing knows or has reason to know is in contravention of this section, or is the result of activity that is fraudulent, manipulative, or deceptive under the securities laws, or any rule or regulation thereunder.

(b) *Purpose.* Stabilizing is prohibited except for the purpose of preventing or retarding a decline in the market price of a security.

(c) *Priority.* To the extent permitted or required by the market where stabilizing occurs, any person stabilizing shall grant priority to any independent bid at the same price irrespective of the size of such independent bid at the time that it is entered.

(d) *Control of Stabilizing.* No sole distributor or syndicate or group stabilizing the price of a security or any member or members of such syndicate or group shall maintain more than one stabilizing bid in any one market at the same price at the same time.

(e) *At-the-Market Offerings.* Stabilizing is prohibited in an at-the-market offering.

(f) *Stabilizing Levels—(1) Maximum stabilizing bid.* Notwithstanding the other provisions of this paragraph (f), no stabilizing shall be made at a price higher than the lower of the offering price or the stabilizing bid for the security in the principal market (or, if the principal market is closed, the stabilizing bid in the principal market at its previous close).

(2) *Initiating stabilizing—(i) Initiating stabilizing when the principal market is open.* After the opening of quotations for the security in the principal market, stabilizing may be initiated in any market at a price no higher than the last independent transaction price for the security in the principal market if
