

§ 270.2a-4

§ 270.2a-4 Definition of "current net asset value" for use in computing periodically the current price of redeemable security.

(a) The current net asset value of any redeemable security issued by a registered investment company used in computing periodically the current price for the purpose of distribution, redemption, and repurchase means an amount which reflects calculations, whether or not recorded in the books of account, made substantially in accordance with the following, with estimates used where necessary or appropriate.

(1) Portfolio securities with respect to which market quotations are readily available shall be valued at current market value, and other securities and assets shall be valued at fair value as determined in good faith by the board of directors of the registered company.

(2) Changes in holdings of portfolio securities shall be reflected no later than in the first calculation on the first business day following the trade date.

(3) Changes in the number of outstanding shares of the registered company resulting from distributions, redemptions, and repurchases shall be reflected no later than in the first calculation on the first business day following such change.

(4) Expenses, including any investment advisory fees, shall be included to date of calculation. Appropriate provision shall be made for Federal income taxes if required. Investment companies which retain realized capital gains designated as a distribution to shareholders shall comply with paragraph (h) of §210.6-03 of Regulation S-X.

(5) Dividends receivable shall be included to date of calculation either at ex-dividend dates or record dates, as appropriate.

(6) Interest income and other income shall be included to date of calculation.

(b) The items which would otherwise be required to be reflected by paragraphs (a) (4) and (6) of this section need not be so reflected if cumulatively, when netted, they do not amount to as much as one cent per outstanding share.

(c) Notwithstanding the requirements of paragraph (a) of this section, any interim determination of current

§ 270.2a-7 Money market funds.

(a) Definitions.

(1) *Acquisition* (or *Acquire*) means any purchase or subsequent rollover (but does not include the failure to exercise a Demand Feature).

(2) *Amortized Cost Method* of valuation means the method of calculating an investment company's net asset value whereby portfolio securities are valued at the fund's Acquisition cost as adjusted for amortization of premium or accretion of discount rather than at their value based on current market factors.

(3) *Asset Backed Security* means a fixed income security (other than a Government security) issued by a Special Purpose Entity (as defined in this paragraph), substantially all of the assets which consist of Qualifying Assets (as defined in this paragraph). *Special Purpose Entity* means a trust, corporation, partnership or other entity organized for the sole purpose of issuing securities that entitle their holders to receive payments that depend primarily
