(1) Amounts to be included in the determination for CE will be the aggregate total of all obligations of CE, including original project obligations at the authorization stage, all subsequent adjustments during the fiscal year, and all adjustments (debits or credits) to projects authorized in previous fiscal years.

All obligation/deobligation adjustments must be included in the current fiscal year calculation. However, the CE cost for each of these projects shall be limited to 15 percent of each project construction cost in accordance with the provisions in effect prior to December 18, 1991.

(d) If the SHA claims CE costs as an average percentage of the actual construction costs in accordance with 23 U.S.C. 120(g), the average rate shall be determined based upon reimbursable CE costs and shall not exceed 15 percent, exclusive of the costs of rights-of-way, preliminary engineering, and CE.
