#### Subpart A—General Provisions

##### § 8.1 Purpose.

(a) The purpose of this part is to effectuate section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C 794), to the end that no otherwise qualified individual with handicaps in the United States shall, solely by reason of his or her handicap, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance from the Department of Housing and Urban Development. This part also implements section 109 of the Housing and Community Development Act of 1974, as amended (42 U.S.C. 5309). This part does not effectuate section 504 as it applies to any program or activity conducted by the Department. Compliance with this part does not assure compliance with requirements for accessibility by physically-handicapped persons imposed under the Architectural Barriers Act of 1968 (42 U.S.C. 4151–4157; 24 CFR part 40).

(b) The policies and standards for compliance established by this part are established in contemplation of, and with a view to enforcement through, the Department's administration of programs or activities receiving Federal financial assistance and the administrative procedures described in subparts D and E (including, without limitation, judicial enforcement under § 8.57(a)).

##### § 8.2 Applicability.

This part applies to all applicants for, and recipients of, HUD assistance in the operation of programs or activities receiving such assistance. Such assistance includes, but is not limited to, that which is listed in appendix A of this part.

##### § 8.3 Definitions.

As used in this part:

*Accessible*, when used with respect to the design, construction, or alteration of a facility or a portion of a facility other than an individual dwelling unit, means that the facility or portion of the facility when designed, constructed or altered, can be approached, entered, and used by individuals with physical handicaps. The phrase *accessible to and usable by* is synonymous with *accessible*.

*Accessible*, when used with respect to the design, construction, or alteration of an individual dwelling unit, means that the unit is located on an accessible route and when designed, constructed, altered or adapted can be approached, entered, and used by individuals with physical handicaps. A unit that is on an accessible route and is adaptable and otherwise in compliance with the standards set forth in § 8.32 is *accessible* within the meaning of this paragraph. When a unit in an existing facility which is being made accessible as a result of alterations is intended for use by a specific qualified individual with handicaps (e.g., a current occupant of such unit or of another unit under the control of the same recipient, or an applicant on a waiting list), the unit will be deemed accessible if it meets the requirements of applicable standards that address the particular disability or impairment of such person.

*Accessible route* means a continuous unobstructed path connecting accessible elements and spaces in a building or facility that complies with the space and reach requirements of applicable standards prescribed by § 8.32. An accessible route that serves only accessible units occupied by persons with hearing or vision impairments need not comply with those requirements intended to effect accessibility for persons with mobility impairments.
