

§ 151.13

that the applicant's request meets one of the criteria described in § 151.13.

§ 151.13 Can an individual Indian acquire land outside his or her own reservation?

Except as provided in paragraphs (a) and (b) of this section, we will not accept title to land in trust outside an individual Indian's reservation. We may approve acquisitions of land outside an individual Indian's reservation if:

(a) The individual Indian already owns an undivided fractional trust or restricted interest in the property being acquired; or

(b) The individual Indian has sold trust or restricted interest in land and the money received from the sale is reinvested in other land selected and purchased with these funds, or the individual Indian is purchasing land with funds obtained as a result of a sale of trust or restricted land under 25 U.S.C. 409a.

§ 151.14 What criteria will BIA use to evaluate a request involving land outside a reservation or outside an approved Tribal Land Acquisition Area?

Upon receipt of the information required under § 151.12 and upon a determination that the application is complete:

(a) We will approve the application to accept land into trust outside a reservation or outside an approved TLAA only if the application shows that the acquisition is necessary to:

(1) Facilitate tribal self-determination, economic development, Indian housing, land consolidation or natural resource protection; and

(2) We determine that the acquisition provides meaningful benefits to the Tribe that outweigh any demonstrable harm to the local community.

(b) Notwithstanding a determination in paragraph (a) of this section that the acquisition is necessary to facilitate tribal self-determination and that the benefits of the acquisition to the tribe outweigh any harm to the local community, we may disapprove an application to accept land into trust outside a reservation or outside an approved TLAA if the acquisition will result in:

25 CFR Ch. I (4-1-01 Edition)

(1) Severe negative impacts to the environment, or

(2) Significant harm to the local community. Evidence of such harm must be clear and demonstrable and supported in the application record; or

(3) The inability of the Bureau of Indian Affairs to adequately handle the additional law enforcement and other responsibilities that would result from the acquisition of the land into trust status.

(c) When making a determination under paragraph (a) or (b) of this section to approve or deny an application, we will consider the location of the land relative to the state boundaries, and its distance from the boundaries of the tribe's reservation and whether that distance is reasonable based on the following:

(1) If the land is in a different state than the tribe's reservation, the tribe's justification of anticipated benefits from the acquisition will be subject to greater scrutiny

(2) As the distance between the tribe's reservation or approved TLAA and the land to be acquired increases, the tribe's justification of anticipated benefits from the acquisition will be subject to greater scrutiny

(3) As the distance between the tribe's reservation or approved TLAA and the land to be acquired increases, the concerns raised by the state and local governments will be given greater weight.

Subpart D—Mandatory Acceptance of Title

§ 151.15 What information must be provided in a request to process a mandatory transfer of title into trust status, and how will BIA process the request?

(a) To help us determine whether we are mandated by legislation to accept trust title to a specific tract of land, we require submission of the following documentation:

(1) A complete description, or a copy of, the statutory authority that directs the Secretary to place the land in trust, and any limitations contained in that authority;

(2) Title insurance or an abstract of title that meets the *Standards for the*
