

which section 1248 recharacterizes its gain on the sale of CFCT stock as a dividend.

(c) For the short taxable year ending June 30, 1995, Y is considered to own the CFCT stock sold to P at the close of CFCT's acquisition date. Because the acquisition date is the last day of CFCT's taxable year, Y and P are United States shareholders on the last day of CFCT's taxable year. Pursuant to section 951(a)(1)(A), each must include its pro rata share of CFCT's subpart F income for the short taxable year ending June 30, 1995. This includes any income generated on the deemed sale of CFCT's assets. Y must then determine the extent to which section 1248 recharacterizes its gain on the sale of the CFCT stock as a dividend, taking into account any increase in CFCT's earnings and profits due to the deemed sale of assets.

Example 4. Acquisition of control for purposes of section 951 prior to the acquisition date. FS owns 100% of the FT stock. On July 1, 1994, P buys 60% of the FT stock. On December 31, 1994, P buys the remaining 40% of the FT stock and makes a section 338 election for FT. For tax year 1994, FT has earnings and profits of \$1,000 (including earnings resulting from the deemed sale). The section 338 election results in \$500 of subpart F income. As a result of the section 338 election, P must include in gross income the following amount under section 951(a)(1)(A) (see § 1.951-1(b)(2)):

FT's subpart F income for 1994	\$500.00
Less: reduction under section 951(a)(2)(A) for period (1-1-94 through 7-1-94) during which FT is not a controlled foreign corporation (\$500×182/365)	249.32
<hr/>	
Subpart F income as limited by section 951 (a)(2)(A)	250.68
P's pro rata share of subpart F income as determined under section 951(a)(2)(A) (60%×250.68)	150.41

Example 5. Coordination with section 936. (a) T is a corporation for which a section 936 election has been made. P makes a qualified stock purchase of T and makes a section 338 election for T.

(b) T's deemed sale of assets under section 338 constitutes a sale for purposes of subtitle A of the Internal Revenue Code, including section 936(a)(1)(A)(ii). To the extent that the assets deemed sold are used in the conduct of an active trade or business in a possession for purposes of section 936(a)(1)(A)(i), and assuming all the other conditions of section 936 are satisfied, the income from the deemed sale qualifies for the credit granted by section 936(a). The source of income from the deemed sale is determined as if the assets had actually been sold and is not affected for purposes of section 936 by section 338(h)(16).

(c) Because new T is treated a new corporation for purposes of subtitle A of the Internal Revenue Code, the three year testing period in section 936(a)(2)(A) begins again for new T on the day following T's acquisition date. Thus, if the character or source of old T's gross income disqualified it for the credit under section 936, a fresh start is allowed by a section 338 election.

§ 1.338-9 International aspects of section 338.

(a) *Scope.* This section provides guidance regarding international aspects of section 338. As provided in § 1.338-1(c)(14), a foreign corporation, a DISC, or a corporation for which a section 936 election has been made is considered a target affiliate for all purposes of section 338. In addition, stock described in section 338(h)(6)(B)(ii) held by a target affiliate is not excluded from the operation of section 338.

(b) *Application of section 338 to foreign targets—(1) In general.* For purposes of subtitle A, the deemed sale gain, as defined in § 1.338-3(b)(4), of a foreign target for which a section 338 election is made (FT), and the corresponding earnings and profits, are taken into account in determining the taxation of FT and FT's direct and indirect shareholders. See, however, section 338(h)(16). For example, the income and earnings and profits of FT are determined, for purposes of sections 551, 951, 1248, and 1293, by taking into account the deemed sale gain.

(2) *Ownership of FT stock on the acquisition date.* A person who transfers FT stock to the purchasing corporation on FT's acquisition date is considered to own the transferred stock at the close of FT's acquisition date. See, e.g., § 1.951-1(f) (relating to determination of holding period for purposes of sections 951 through 964). If on the acquisition date the purchasing corporation owns a block of FT stock that was acquired before FT's acquisition date, the purchasing corporation is considered to own such block of stock at the close of the acquisition date.

(3) *Carryover FT stock—(i) Definition.* FT stock is carryover FT stock if—

(A) FT was a controlled foreign corporation within the meaning of section 957 (taking into account section 953(c)) at any time during the portion of the 12-month acquisition period that ends on the acquisition date; and

(B) Such stock is owned as of the beginning of the day after FT's acquisition date by a person other than a purchasing corporation, or by a purchasing corporation if the stock is non-recently purchased and is not subject to a gain recognition election under § 1.338(b)-1(e)(2).

(ii) *Carryover of earnings and profits.* The earnings and profits of old FT (and associated foreign taxes) attributable to the carryover FT stock (adjusted to reflect deemed sale gain) carry over to new FT solely for purposes of—

(A) Characterizing an actual distribution with respect to a share of carryover FT stock as a dividend;

(B) Characterizing gain on a post-acquisition date transfer of a share of carryover FT stock as a dividend under section 1248 (if such section is otherwise applicable);

(C) Characterizing an investment of earnings in United States property as income under sections 951(a)(1)(B) and 956 (if such sections are otherwise applicable); and

(D) Determining foreign taxes deemed paid under sections 902 and 960 with respect to the amount treated as a dividend or income by virtue of this paragraph (b)(3)(ii) (subject to the operation of section 338(h)(16)).

(iii) *Cap on carryover of earnings and profits.* The amount of earnings and profits of old FT taken into account with respect to a share of carryover FT stock is limited to the amount that would have been included in gross income of the owner of such stock as a dividend under section 1248 if—

(A) The shareholder transferred that share to the purchasing corporation on FT's acquisition date for a consideration equal to the fair market value of that share on that date; or

(B) In the case of nonrecently purchased FT stock treated as carryover FT stock, a gain recognition election under section 338(b)(3)(A) applied to that share. For purposes of the preceding sentence, a shareholder that is a controlled foreign corporation is con-

sidered to be a United States person, and the principle of section 1248(c)(2)(D)(ii) (concerning a United States person's indirect ownership of stock in a foreign corporation) applies in determining the correct holding period.

(iv) *Post-acquisition date distribution of old FT earnings and profits.* A post-acquisition date distribution with respect to a share of carryover FT stock is considered to be derived first from earnings and profits derived after FT's acquisition date and then from earnings and profits derived on or before FT's acquisition date.

(v) *Old FT earnings and profits unaffected by post-acquisition date deficits.* The carryover amount for a share of carryover FT stock is not reduced by deficits in earnings and profits incurred by new FT. This rule applies for purposes of determining the amount of foreign taxes deemed paid regardless of the fact that there are no accumulated earnings and profits. For example, a distribution by new FT with respect to a share of carryover FT stock is treated as a dividend by the distributee to the extent of the carryover amount for that share notwithstanding that new FT has no earnings and profits.

(vi) *Character of FT stock as carryover FT stock eliminated upon disposition.* A share of FT stock is not considered carryover FT stock after it is disposed of provided that all gain realized on the transfer is recognized at the time of the transfer, or that, if less than all of the realized gain is recognized, the recognized amount equals or exceeds the remaining carryover amount for that share.

(4) *Passive foreign investment company stock.* Stock that is owned as of the beginning of the day after FT's acquisition date by a person other than a purchasing corporation, or by a purchasing corporation if the FT stock is nonrecently purchased stock not subject to a gain recognition election under § 1.338(b)-1(e)(2), is treated as passive foreign investment company stock to the extent provided in section 1297(b)(1).

(c) *Dividend treatment under section 1248(e).* The principles of this paragraph (b) apply to shareholders of a domestic corporation subject to section 1248(e).

(d) *Allocation of foreign taxes.* If a section 338 election is made for target (whether foreign or domestic), and target's taxable year under foreign law (if any) does not close at the end of the acquisition date, foreign income taxes attributable to the foreign taxable income earned by target during such foreign taxable year are allocated to old target and new target. Such allocation is made under the principles of § 1.1502-76(b).

(e) *Operation of section 338(h)(16).* [Reserved]

(f) *Examples.* (1) Except as otherwise provided, all corporations use the calendar year as the taxable year, have no earnings and profits (or deficit) accumulated for any taxable year, and have only one class of outstanding stock.

(2) This section may be illustrated by the following examples:

Example 1. Gain recognition election for carryover FT stock.(a) A has owned 90 of the 100 shares of CFCT stock since CFCT was organized on March 13, 1989. P has owned the remaining 10 shares of CFCT stock since CFCT was organized. Those 10 shares constitute nonrecently purchased stock in P's hands within the meaning of section 338(b)(6)(B). On November 1, 1994, P purchases A's 90 shares of CFCT stock for \$90,000 and makes a section 338 election for CFCT. P also makes a gain recognition election under section 338(b)(3)(A) and § 1.338(b)-1(e)(2).

(b) CFCT's earnings and profits for its short taxable year ending on November 1, 1994, are \$50,000, determined without taking into account the deemed asset sale. Assume A recognizes gain of \$81,000 on the sale of the CFCT stock. Further, assume that CFCT recognizes gain of \$40,000 by reason of its deemed sale of assets under section 338(a)(1).

(c) A's sale of CFCT stock to P is a transfer to which section 1248 and paragraphs (b)(1) and (2) of this section apply. For purposes of applying section 1248(a) to A, the earnings and profits of CFCT for its short taxable year ending on November 1, 1994, are \$90,000 (the earnings and profits for that taxable year as determined under § 1.1248-2(e) (\$50,000) plus earnings from the deemed sale (\$40,000)). Thus, A's entire gain is characterized as a dividend under section 1248 (but see section 338(h)(16)).

(d) Assume that P recognizes a gain of \$9,000 with respect to the 10 shares of nonrecently purchased CFCT stock by reason of the gain recognition election. Because P is treated as selling the nonrecently purchased stock for all purposes of the Internal Revenue Code, section 1248 applies. Thus, under § 1.1248-2(e), \$9,000 of the \$90,000 of earnings

and profits for 1994 are attributable to the block of 10 shares of CFCT stock deemed sold by P at the close of November 1, 1994 (\$90,000 × 10/100). Accordingly, P's entire gain on the deemed sale of 10 shares of CFCT stock is included under section 1248(a) in P's gross income as a dividend (but see section 338(h)(16)).

Example 2. No gain recognition election for carryover FT stock.(a) Assume the same facts as in *Example 1*, except that P does not make a gain recognition election.

(b) The 10 shares of nonrecently purchased CFCT stock held by P is carryover FT stock under paragraph (b)(3) of this section. Accordingly, the earnings and profits (and attributable foreign taxes) of old CFCT carry over to new CFCT solely for purposes of that block of 10 shares. The amount of old CFCT's earnings and profits taken into account with respect to that block in the event, for example, of a distribution by new CFCT with respect to that block is the amount of the section 1248 dividend that P would have recognized with respect to that block had it made a gain recognition election under section 338(b)(3)(A). Under the facts of *Example 1*, P would have recognized a gain of \$9,000 with respect to that block, all of which would have been a section 1248 dividend (\$90,000 × 10/100). Accordingly, the carryover amount for the block of 10 shares of nonrecently purchased CFCT stock is \$9,000.

Example 3. Sale of controlled foreign corporation stock prior to and on the acquisition date.(a) X and Y, both U.S. corporations, have each owned 50% of the CFCT stock since 1986. Among CFCT's assets are assets the sale of which would generate subpart F income. On December 31, 1994, X sells its CFCT stock to P. On June 30, 1995, Y sells its CFCT stock to P. P makes a section 338 election for CFCT. In both 1994 and 1995, CFCT has subpart F income resulting from operations.

(b) For taxable year 1994, X and Y are United States shareholders on the last day of CFCT's taxable year, so pursuant to section 951(a)(1)(A) each must include in income its pro rata share of CFCT's subpart F income for 1994. Because P's holding period in the CFCT stock acquired from X does not begin until January 1, 1995, P is not a United States shareholder on the last day of 1994 for purposes of section 951(a)(1)(A) (see § 1.951-1(f)). X must then determine the extent to which section 1248 recharacterizes its gain on the sale of CFCT stock as a dividend.

(c) For the short taxable year ending June 30, 1995, Y is considered to own the CFCT stock sold to P at the close of CFCT's acquisition date. Because the acquisition date is the last day of CFCT's taxable year, Y and P are United States shareholders on the last day of CFCT's taxable year. Pursuant to section 951(a)(1)(A), each must include its pro rata share of CFCT's subpart F income for

§ 1.338-10

the short taxable year ending June 30, 1995. This includes any income generated on the deemed sale of CFCT's assets. Y must then determine the extent to which section 1248 recharacterizes its gain on the sale of the CFCT stock as a dividend, taking into account any increase in CFCT's earnings and profits due to the deemed sale of assets.

Example 4. Acquisition of control for purposes of section 951 prior to the acquisition date. FS owns 100% of the FT stock. On July 1, 1994, P buys 60% of the FT stock. On December 31, 1994, P buys the remaining 40% of the FT stock and makes a section 338 election for FT. For tax year 1994, FT has earnings and profits of \$1,000 (including earnings resulting from the deemed sale). The section 338 election results in \$500 of subpart F income. As a result of the section 338 election, P must include in gross income the following amount under section 951(a)(1)(A) (see § 1.951- (b)(2)):

FT's subpart F income for 1994	\$500.00
Less: reduction under section 951(a)(2)(A) for period (1-1-94 through 7-1-94) during which FT is not a controlled foreign corporation ($500 \times 182/365$)	249.32
<hr/>	
Subpart F income as limited by section 951 (a)(2)(A)	250.68
P's pro rata share of subpart F income as determined under section 951(a)(2)(A) ($60\% \times 250.68$)	150.41

Example 5. Coordination with section 936.(a) T is a corporation for which a section 936 election has been made. P makes a qualified stock purchase of T and makes a section 338 election for T.

(b) T's deemed sale of assets under section 338 constitutes a sale for purposes of subtitle A of the Internal Revenue Code, including section 936(a)(1)(A)(ii). To the extent that the assets deemed sold are used in the conduct of an active trade or business in a possession for purposes of section 936(a)(1)(A)(i), and assuming all the other conditions of section 936 are satisfied, the income from the deemed sale qualifies for the credit granted by section 936(a). The source of income from the deemed sale is determined as if the assets had actually been sold and is not affected for purposes of section 936 by section 338(h)(16).

(c) Because new T is treated a new corporation for purposes of subtitle A of the Internal Revenue Code, the three year testing period in section 936(a)(2)(A) begins again for new T on the day following T's acquisition date. Thus, if the character or source of old T's gross income disqualified it for the credit

under section 936, a fresh start is allowed by a section 338 election.

[T.D. 8515, 59 FR 2978, Jan. 20, 1994. Redesignated by T.D. 8858, 65 FR 1246, Jan. 7, 2000]

§ 1.338-10 Filing of returns.

(a) *Returns including tax liability from deemed asset sale*—(1) *In general.* Except as provided in paragraphs (a)(2) and (3) of this section, any deemed sale tax consequences are reported on the final return of old target filed for old target's taxable year that ends at the close of the acquisition date. Paragraphs (a)(2), (3) and (4) of this section do not apply to elections under section 338(h)(10). If old target is the common parent of an affiliated group, the final return may be a consolidated return (any such consolidated return must also include any deemed sale tax consequences of any members of the consolidated group that are acquired by the purchasing corporation on the same acquisition date as old target).

(2) *Old target's final taxable year otherwise included in consolidated return of selling group*—(i) *General rule.* If the selling group files a consolidated return for the period that includes the acquisition date, old target is disaffiliated from that group immediately before the deemed asset sale and must file a deemed sale return separate from the group, which includes only the deemed sale tax consequences and the carryover items specified in paragraph (a)(2)(iii) of this section. The deemed asset sale occurs at the close of the acquisition date and is the last transaction of old target and the only transaction reported on the separate return. Except as provided in § 1.338-1(d) (regarding certain transactions on the acquisition date), any transactions of old target occurring on the acquisition date other than the deemed asset sale are included in the selling group's consolidated return. A deemed sale return includes a combined deemed sale return as defined in paragraph (a)(4) of this section.

(ii) *Separate taxable year.* The deemed asset sale included in the deemed sale return under this paragraph (a)(2) occurs in a separate taxable year, except that old target's taxable year of the sale and the consolidated year of the
