

under section 528 for a taxable year unless 90 percent or more of its expenditures for such taxable year are qualifying expenditures as defined in paragraphs (b) and (c) of this section. The determination of whether an organization meets the provisions of this section shall be made after the close of the organization's taxable year. Investments or transfers of funds to be held to meet future costs shall not be taken into account as expenditures. For example, transfers to a sinking fund account for the replacement of a roof would not be considered an expenditure for the purposes of this section even if the roof is association property. In addition, excess assessments which are either rebated to members or applied against the members' following year's assessments will not be considered an expenditure for the purposes of this section.

(b) *Qualifying expenditures.* Qualifying expenditures are expenditures by an organization for the acquisition, construction, management, maintenance, and care of the organization's association property. They include both current operating and capital expenditures on association property. Qualifying expenditures include expenditures on association property despite the fact that such property may produce income which is not exempt function income. Thus expenditures on a swimming pool are qualifying expenditures despite the fact that fees from guests of members using the pool are not exempt function income. Where expenditures by an organization are used both for association property as well as other property, an allocation shall be made between the two uses on a reasonable basis. Only that portion of the expenditures which is properly allocable to the acquisition, construction, management, maintenance or care of association property, shall constitute qualifying expenditures.

(c) *Examples of qualifying expenditures.* Qualifying expenditures may include (but are not limited to) expenditures for:

- (1) Salaries of an association manager and secretary;
- (2) Paving of streets;
- (3) Street signs;
- (4) Security personnel;

- (5) Legal fees;
- (6) Upkeep of tennis courts;
- (7) Swimming pools;
- (8) Recreation rooms and halls;
- (9) Replacement of common buildings, facilities, air conditioning, etc;
- (10) Insurance premiums on association property;
- (11) Accountant's fees;
- (12) Improvement of private property to the extent it is association property; and
- (13) Real estate and personal property taxes imposed on association property by a State or local government.

**§ 1.528-7 Inurement.**

An organization is not a homeowners association if any part of its net earnings inures (other than as a direct result of its engaging in one or more exempt functions) to the benefit of any private person. Thus, to the extent that members receive a benefit from the general maintenance, etc., of association property, this benefit generally would not constitute inurement. If an organization pays rebates from amounts other than exempt function income, such rebates will constitute inurement. In general, in determining whether an organization is in violation of this section, the principles used in making similar determinations under Section 501(c) will be applied.

**§ 1.528-8 Election to be treated as a homeowners association.**

(a) *General rule.* An organization wishing to be treated as a homeowners association under section 528 and this section for a taxable year must elect to be so treated. Except as otherwise provided in this section such election shall be made by the filing of a properly completed Form 1120-H (or such other form as the Secretary may prescribe). A separate election must be made for each taxable year.

(b) *Taxable years ending after December 30, 1976.* For taxable years ending after December 30, 1976, the election must be made not later than the time, including extensions, for filing an income tax return for the year in which the election is to apply.
