

§ 1.852-5

26 CFR Ch. I (4-1-01 Edition)

for a period of less than 31 days is applicable to losses for taxable years ending after December 31, 1957.

(2) *Determination of holding period.* The rules contained in section 246(c)(3) (relating to the determination of holding periods for purposes of the deduction for dividends received) shall be applied in determining whether, for purposes of section 852(b)(4) and this paragraph, a share of regulated investment company stock has been held for a period of less than 31 days. In applying those rules, however, "30 days" shall be substituted for the number of days specified in subparagraph (B) of section 246(c)(3).

(3) *Example.* The application of section 852(b)(4) and this paragraph may be illustrated by the following example:

Example. On December 15, 1958, A purchased a share of stock in the X regulated investment company for \$20. The X regulated investment company declared a capital gain dividend of \$2 per share to shareholders of record on December 31, 1958. A, therefore, received a capital gain dividend of \$2 which, pursuant to section 852(b)(3)(B), he must treat as a gain from the sale or exchange of a capital asset held for more than 6 months. On January 5, 1959, A sold his share of stock in the X regulated investment company for \$17.50, which sale resulted in a loss of \$2.50. Under section 852(b)(4) and this paragraph, A must treat \$2 of such loss (an amount equal to the capital gain dividend received with respect to such share of stock) as a loss from the sale or exchange of a capital asset held for more than 6 months.

(Sec. 7805, 68A Stat. 917; 26 U.S.C. 7805; 860(e) (92 Stat. 2849, 26 U.S.C. 860(e)); sec. 860(g) (92 Stat. 2850, 26 U.S.C. 860(g)))

§ 1.852-5 Earnings and profits of a regulated investment company.

(a) Any regulated investment company, whether or not such company meets the requirements of section 852(a) and paragraphs (a)(1) (i) and (ii) of § 1.852-1, shall apply paragraph (b) of this section in computing its earnings and profits for a taxable year beginning

after February 28, 1958. However, for a taxable year of a regulated investment company beginning before March 1, 1958, paragraph (b) of this section shall apply only if the regulated investment company meets the requirements of section 852(a) and paragraphs (a)(1) (i) and (ii) of § 1.852-1.

(b) In the determination of the earnings and profits of a regulated investment company, section 852(c) provides that such earnings and profits for any taxable year (but not the accumulated earnings and profits) shall not be reduced by any amount which is not allowable as a deduction in computing its taxable income for the taxable year. Thus, if a corporation would have had earnings and profits of \$500,000 for the taxable year except for the fact that it had a net capital loss of \$100,000, which amount was not deductible in determining its taxable income, its earnings and profits for that year if it is a regulated investment company would be \$500,000. If the regulated investment company had no accumulated earnings and profits at the beginning of the taxable year, in determining its accumulated earnings and profits as of the beginning of the following taxable year, the earnings and profits for the taxable year to be considered in such computation would amount to \$400,000 assuming that there had been no distribution from such earnings and profits. If distributions had been made in the taxable year in the amount of the earnings and profits then available for distribution, \$500,000, the corporation would have as of the beginning of the following taxable year neither accumulated earnings and profits nor a deficit in accumulated earnings and profits, and would begin such year with its paid-in capital reduced by \$100,000, an amount equal to the excess of the \$500,000 distributed over the \$400,000 accumulated earnings and profits which would otherwise have been carried into the following taxable year.

§ 1.852-6 Records to be kept for purpose of determining whether a corporation claiming to be a regulated investment company is a personal holding company.

(a) Every regulated investment company shall maintain in the internal revenue district in which it is required

Internal Revenue Service, Treasury

§ 1.852-7

to file its income tax return permanent records showing the information relative to the actual owners of its stock contained in the written statements required by this section to be demanded from the shareholders. The actual owner of stock includes the person who is required to include in gross income in his return the dividends received on the stock. Such records shall be kept at all times available for inspection by any internal revenue officer or employee, and shall be retained so long as the contents thereof may become material in the administration of any internal revenue law.

(b) For the purpose of determining whether a domestic corporation claiming to be a regulated investment company is a personal holding company as defined in section 542, the permanent records of the company shall show the maximum number of shares of the corporation (including the number and face value of securities convertible into stock of the corporation) to be considered as actually or constructively owned by each of the actual owners of any of its stock at any time during the last half of the corporation's taxable year, as provided in section 544.

(c) Statements setting forth the information (required by paragraph (b) of this section) shall be demanded not later than 30 days after the close of the corporation's taxable year as follows:

(1) In the case of a corporation having 2,000 or more record owners of its stock on any dividend record date, from each record holder of 5 percent or more of its stock; or

(2) In the case of a corporation having less than 2,000 and more than 200 record owners of its stock, on any dividend record date, from each record holder of 1 percent or more of its stock; or

(3) In the case of a corporation having 200 or less record owners of its stock, on any dividend record date, from each record holder of one-half of 1 percent or more of its stock.

When making demand for the written statements required of each shareholder by this paragraph, the company shall inform each of the shareholders of his duty to submit as a part of his income tax return the statements which are required by § 1.852-7 if he fails or re-

fuses to comply with such demand. A list of the persons failing or refusing to comply in whole or in part with a company's demand shall be maintained as a part of its record required by this section. A company which fails to keep such records to show the actual ownership of its outstanding stock as are required by this section shall be taxable as an ordinary corporation and not as a regulated investment company.

§ 1.852-7 Additional information required in returns of shareholders.

Any person who fails or refuses to comply with the demand of a regulated investment company for the written statements which § 1.852-6 requires the company to demand from its shareholders shall submit as a part of his income tax return a statement showing, to the best of his knowledge and belief—

(a) The number of shares actually owned by him at any and all times during the period for which the return is filed in any company claiming to be a regulated investment company;

(b) The dates of acquisition of any such stock during such period and the names and addresses of persons from whom it was acquired;

(c) The dates of disposition of any such stock during such period and the names and addresses of the transferees thereof;

(d) The names and addresses of the members of his family (as defined in section 544(a)(2)); the names and addresses of his partners, if any, in any partnership; and the maximum number of shares, if any, actually owned by each in any corporation claiming to be a regulated investment company, at any time during the last half of the taxable year of such company;

(e) The names and addresses of any corporation, partnership, association, or trust in which he had a beneficial interest to the extent of at least 10 percent at any time during the period for which such return is made, and the number of shares of any corporation claiming to be a regulated investment company actually owned by each;

(f) The maximum number of shares (including the number and face value of securities convertible into stock of
