GENERAL ACTUARIAL VALUATIONS

SOURCE: Sections 20.7520-1 through 20.7520-4 appear at T.D. 8540, 59 FR 30170, June 10, 1994, unless otherwise noted.

§ 20.7520-1 Valuation of annuities, unitrust interests, interests for life or term of years, and remainder or reversionary interests.

(a) *General actuarial valuations.* (1) Except as otherwise provided in this section and in § 20.7520-3 (relating to

exceptions to the use of prescribed tables under certain circumstances), in the case of estates of decedents with valuation dates after April 30, 1989, the fair market value of annuities, interests for life or for a term of years (including unitrust interests), remainders, and reversions is their present value determined under this section. See § 20.2031-7(d) (and, for certain prior periods, § 20.2031-7A) of this chapter for the computation of the value of annuities, unitrust interests, life estates, terms of years, remainders, and reversions, other than interests described in paragraphs (a)(2) and (a)(3) of this section.

(2) In the case of a transfer to a pooled income fund with a valuation date after April 30, 1999, see § 1.642(c)-6(e) (or, for certain prior periods, § 1.642(c)-6A of this chapter) of this chapter with respect to the valuation of the remainder interest.

(3) In the case of a transfer to a charitable remainder annuity trust with a valuation date after April 30, 1989, see § 1.664-2 of this chapter with respect to the valuation of the remainder interest. See § 1.664-4 of this chapter with respect to the valuation of the remainder interest in property transferred to a charitable remainder unitrust.

(b) *Components of valuation*—(1) *Interest rate component*—(i) *Section 7520 Interest rate.* The section 7520 interest rate is the rate of return, rounded to the nearest two-tenths of one percent, that is equal to 120 percent of the applicable Federal mid-term rate, compounded annually, for purposes of section 1274(d)(1), for the month in which the valuation date falls. In rounding the rate to the nearest two-tenths of a percent, any rate that is midway between one two-tenths of a percent and another is rounded up to the higher of those two rates. For example, if 120 percent of the applicable Federal mid-term rate is 10.30, the section 7520 interest rate component is 10.4. The section 7520 interest rate is published monthly by the Internal Revenue Service in the Internal Revenue Bulletin (See § 601.601(d)(2)(ii)(b) of this chapter).

(ii) *Valuation date.* Generally, the valuation date is the date on which the transfer takes place. For estate tax purposes, the valuation date is the date
