

partner the notice described in section 6231(b)(1)(A).

(c) *Indirect partner files inconsistently with source partnership*—(1) *Indirect partner notifies Service of inconsistency.* An indirect partner who—

(i) Treats an item from a source partnership in a manner which is inconsistent with the treatment of that item on the return of the source partnership, and

(ii) Files a statement identifying the inconsistency with the source partnership in accordance with § 301.6222(b)-1T, shall not be subject to a computational adjustment to conform the treatment of that item to the treatment of that item on the return of the source partnership.

(2) *Indirect partner does not notify Service of inconsistency.* Except as provided in paragraph (c)(3) of this section, an indirect partner who—

(i) Treats an item from a source partnership in a manner which is inconsistent with the treatment of that item on the return of the source partnership, and

(ii) Fails to file a statement identifying the inconsistency with the source partnership in accordance with § 301.6222(b)-1T,

is subject to a computational adjustment to conform the treatment of that item to the treatment of that item on the return of the source partnership.

(3) *Indirect partner files consistently with a pass-thru partner that notifies the Service of the inconsistency.* If an indirect partner treats an item from a source partnership in a manner which is consistent with the treatment of that item by a pass-thru partner through which the indirect partner holds the interest in the source partnership and that pass-thru partner—

(i) Treats that item in a manner that is inconsistent with the treatment of that item on the return of the source partnership, and

(ii) Files a statement identifying the inconsistency with the source partnership in accordance with § 301.6222(b)-1T. The indirect partner is not subject to a computational adjustment to conform the treatment of that item to the treatment of that item on the return of the source partnership.

(d) *Examples.* The following examples illustrate the principles set forth in this section.

Example 1. One of the partners in Partnership A is Partnership B, which has four equal partners C, D, E, and F. Both A and B are partnerships within the meaning of section 6231(a)(1). On its return, A reports \$100,000 as B's distributive share of A's ordinary income. B, however, reports only \$80,000 as its distributive share of the income and does not notify the Service of this inconsistent treatment with respect to A. C reports \$20,000 as its distributive share of the item. Although C reports the item consistently with B, C is subject to a computational adjustment to conform the treatment of that item on C's return to the treatment of that item on the return of A.

Example 2. Assume the same facts as in example 1 except that B notified the Service of its inconsistent treatment with respect to source partnership A. C is not subject to a computational adjustment.

Example 3. Assume the same facts as in example 1. D reports only \$15,000 as D's distributive share of the income and does not report the inconsistency. F reports only \$9,000 as its distributive share of the item but reports this inconsistency with respect to source partnership A. D is subject to a computational adjustment to conform the treatment of that item on D's return to the treatment of that item on the return of A. F is not subject to a computational adjustment.

Example 4. Assume the same facts as in example 3 except that F reported the inconsistency with respect to B and did not report the inconsistency with respect to source partnership A. F is subject to a computational adjustment to conform the treatment of that item on F's return to the treatment of that item on the return of A.

Example 5. Assume the same facts as in example 1. E reports \$25,000 as its distributive share of the item. Regardless of whether E reports the inconsistency between its treatment of the item and that by B, E is neither subject to a computational adjustment to conform E's treatment of that item to that of B nor subject to the notice described in section 6231(b)(1)(A) with respect to any such notification of inconsistent treatment.

[T.D. 8128, 52 FR 6781, Mar. 5, 1987]

§ 301.6222(b)-1T Notification to Service when partnership items are treated inconsistently (temporary).

The statement identifying an inconsistency described in section 6222(b)(1)(B) shall be filed by filing the

§ 301.6222(b)-2T

form prescribed for that purpose in accordance with the instructions accompanying that form.

[T.D. 8128, 52 FR 6782, Mar. 5, 1987]

§ 301.6222(b)-2T Effect of notification of inconsistent treatment (temporary).

(a) *In general.* Generally, if a partner treats a partnership item on the partner's return in a manner which is inconsistent with the treatment of that item on the partnership return the Service may make a computational adjustment to conform the treatment of the item by the partner with the treatment of that item on the partnership return. Any additional tax resulting from that computational adjustment may be assessed without either the commencement of a partnership proceeding or notification to the partner that all partnership items arising from that partnership will be treated as nonpartnership items. However, if a partner notifies the Service of the inconsistent treatment of a partnership item in the manner prescribed in § 301.6222(b)-1T, the Service generally may not make an adjustment with respect to that partnership item unless the Service—

(1) Conducts a partnership-level proceeding, or

(2) Notifies the partner under section 6231(b)(1)(A) that all partnership items arising from that partnership will be treated as nonpartnership items.

See, however, §§ 301.6231(c)-1T and 301.6231(c)-2T for special rules relating to certain applications and claims for refund based on losses, deductions, or credits from abusive tax shelter partnerships.

(b) *Partner protected only to extent of notification.* A partner who reports the inconsistent treatment of partnership items on the partner's return is protected from computational adjustments under section 6222(c) only with respect to those partnership items the inconsistent treatment of which is reported. Thus, if a partner notifying the Service with respect to one item fails to report the inconsistent treatment of another item, the partner is subject to a computational adjustment with respect to that latter item.

26 CFR Ch. I (4-1-01 Edition)

Example. Partner A of Partnership P treats a deduction and a capital gain arising from P on A's return in a manner that is inconsistent with the treatment of those items by P. A reports the inconsistent treatment of the deduction but not of the gain. A is subject to a computational adjustment under section 6222(c) with respect to the gain.

(c) *Adjustments in a separate proceeding not limited to conforming adjustments.* If the Service conducts a separate proceeding with a partner whose partnership items are treated as nonpartnership items under section 6231(b), the Service is not limited to making adjustments that merely conform the partner's return to the partnership return.

Example. Partnership P allocates to E, one of its partners, a loss of \$8,000. E, however, claims a loss of \$9,000 and reports the inconsistent treatment. The Service notifies E that it will treat all of E's partnership items arising from P as nonpartnership items. As a result of a separate proceeding with E, the Service may issue a deficiency notice which could include reducing the loss to \$3,000.

[T.D. 8128, 52 FR 6782, Mar. 5, 1987]

§ 301.6222(b)-3T Partner receiving incorrect schedule (temporary).

(a) *In general.* A partner shall be treated as having complied with section 6222(b)(1)(B) and § 301.6222(b)-1T with respect to a partnership item if the partner—

(1) Demonstrates that the treatment of the partnership item on the partner's return is consistent with the treatment of that item on the schedule prescribed by the Service and furnished to the partner by the partnership showing the partner's share of income, credits, deductions, etc., and

(2) Elects in accordance with the rules prescribed in paragraph (b) of this section to have this section apply with respect to that item.

(b) *Election provisions—(1) Time and manner of making election.* The election described in paragraph (a) of this section shall be made by filing a statement with the Internal Revenue Service office issuing the notice of computational adjustment within 30 days after the notice is mailed to the partner.

(2) *Contents of statement.* The statement described in paragraph (b)(1) of this section shall be:
