

Small Business Administration

§ 121.301

Base Housing Maintenance. Since Base Housing Maintenance is only one activity, two additional activities are required for a contract to be classified as "Base Maintenance."

14. NAICS 562910—Environmental Remediation Services:

(a) For SBA assistance as a small business concern in the industry of Environmental Remediation Services, other than for Government procurement, a concern must be engaged primarily in furnishing a range of services for the remediation of a contaminated environment to an acceptable condition including, but not limited to, preliminary assessment, site inspection, testing, remedial investigation, feasibility studies, remedial design, containment, remedial action, removal of contaminated materials, storage of contaminated materials and security and site closeouts. If one of such activities accounts for 50 percent or more of a concern's total revenues, employees, or other related factors, the concern's primary industry is that of the particular industry and not the Environmental Remediation Services Industry.

(b) For purposes of classifying a Government procurement as Environmental Remediation Services, the general purpose of the procurement must be to restore a contaminated environment and also the procurement must be composed of activities in three or more separate industries with separate NAICS codes or, in some instances (*e.g.*, engineering), smaller sub-components of NAICS codes with separate, distinct size standards. These activities may include, but are not limited to, separate activities in industries such as: Heavy Construction; Special Trade Construction; Engineering Services; Architectural Services; Management Services; Refuse Systems; Sanitary Services, Not Elsewhere Classified; Local Trucking Without Storage; Testing Laboratories; and Commercial, Physical and Biological Research. If any activity in the procurement can be identified with a separate NAICS code, or component of a code with a separate distinct size standard, and that industry accounts for 50 percent or more of the value of the entire procurement, then the proper size standard is the one for that particular industry, and not the Environmental Remediation Service size standard.

15. Subsector 483—Water Transportation—Offshore Marine Services: The applicable size standard shall be \$20.5 million for firms furnishing specific transportation services to concerns engaged in offshore oil and/or natural gas exploration, drilling production, or marine research; such services encompass passenger and freight transportation, anchor

handling, and related logistical services to and from the work site or at sea.

[65 FR 30840, May 15, 2000, as amended at 65 FR 53535, Sept. 5, 2000; 65 FR 60343, Oct. 11, 2000; 65 FR 69438, Nov. 17, 2000; 65 FR 70637, Nov. 24, 2000]

SIZE ELIGIBILITY REQUIREMENTS FOR SBA FINANCIAL ASSISTANCE

§ 121.301 What size standards are applicable to financial assistance programs?

(a) For Business Loans and Disaster Loans (other than physical disaster loans), an applicant must not exceed the size standard for the industry in which:

(1) The applicant combined with its affiliates is primarily engaged; and

(2) The applicant alone is primarily engaged.

(b) For Development Company programs, an applicant must meet one of the following standards:

(1) Including its affiliates, tangible net worth not in excess of \$6 million, and average net income after Federal income taxes (excluding any carry-over losses) for the preceding two completed fiscal years not in excess of \$2 million; or

(2) The same standards applicable under paragraph (a) of this section.

(c) For the Small Business Investment Company (SBIC) program, an applicant must meet one of the following standards:

(1) Including its affiliates, tangible net worth not in excess of \$18 million, and average net income after Federal income taxes (excluding any carry-over losses) for the preceding 2 completed fiscal years not in excess of \$6 million; or

(2) The same standards applicable under paragraph (a) of this section.

(d) For Surety Bond Guarantee assistance—

(1) Any construction (general or special trade) concern or concern performing a contract for services is small if its average annual receipts do not exceed \$5.0 million.

(2) Any concern not specified in paragraph (d)(1) of this section must meet

§ 121.302

13 CFR Ch. I (1-1-01 Edition)

the size standard for the primary industry in which it, combined with its affiliates, is engaged.

(e) The applicable size standards for the purpose of all SBA financial assistance programs, excluding the Surety Bond Guarantee assistance program, are increased by 25 percent whenever the applicant agrees to use the assistance within a labor surplus area. Labor surplus areas are listed monthly in the Department of Labor publication called "Area Trends."

§ 121.302 When does SBA determine the size status of an applicant?

(a) The size of an applicant for SBA financial assistance is determined as of the date the application for such financial assistance is accepted for processing by SBA, except for the Disaster Loan and Preferred Lenders programs.

(b) For the Preferred Lenders program, size is determined as of the date of approval of the loan by the Preferred Lender.

(c) For disaster loan assistance (other than physical disaster loans), size status is determined as of the date the disaster commenced, as set forth in the Disaster Declaration. For pre-disaster mitigation loans, size status is determined as of the date SBA accepts the application for processing.

(d) Changes in size subsequent to the applicable date when size is determined will not disqualify an applicant for assistance.

[61 FR 3286, Jan. 31, 1996, as amended at 64 FR 48276, Sept. 3, 1999]

§ 121.303 What size procedures are used by SBA before it makes a formal size determination?

(a) A concern that submits an application for financial assistance is deemed to have certified that it is small under the applicable size standard. SBA may question the concern's status based on information supplied in the application or from any other source.

(b) A small business investment company, a development company, a surety bond company, or a preferred lender may accept as true the size information provided by an applicant, unless credible evidence to the contrary is apparent.

(c) Size is initially considered by the individual with final financial assistance authority. This is not a formal size determination. A formal determination may be requested prior to a denial of eligibility based on size.

(d) An applicant may request a formal size determination when assistance has been denied for size ineligibility. Except for disaster loan eligibility, a request for a formal size determination must be made to the Government Contracting Area Director serving the area in which the headquarters of the applicant is located, regardless of the location of the parent company or affiliates. For disaster loan assistance, the request for a size determination must be made to the Area Director for the Disaster Area Office which denied the assistance.

(e) There are no time limitations for making a formal size determination for purposes of financial assistance. The official making the formal size determination must provide a copy of the determination to the applicant, to the requesting SBA official, and to other interested SBA program officials.

§ 121.304 What are the size requirements for refinancing an existing SBA loan?

(a) A concern that applies to refinance an existing SBA loan or guarantee will be considered small for the refinancing even though its size has increased since the date of the original financing to exceed its applicable size standard, provided that:

(1) The increase in size is due to natural growth (as distinguished from merger, acquisition or similar management action); and

(2) SBA determines that refinancing is necessary to protect the Government's financial interest.

(b) If a concern's size has increased other than by natural growth, the concern and its affiliates must be small at the time the application for refinancing is accepted for processing by SBA.

§ 121.305 What size eligibility requirements exist for obtaining business loans relating to particular procurements?

A concern qualified as small for a particular procurement, including an
