

## § 301.2

## 13 CFR Ch. III (1-1-01 Edition)

### § 301.2 Area eligibility.

(a) EDA awards public works and development facilities grants under part 305 and economic adjustment grants under part 308 for projects to enhance economic development in economically distressed areas.

(b) An area is eligible for a project grant under part 305 or 308 if it has one of the following:

(1) An unemployment rate that is, for the most recent 24-month period for which data are available, at least one percent greater than the national average unemployment rate. For example, if the national average unemployment rate is 6 percent, an area is eligible under this provision if it has an unemployment rate of 7 percent.

(2) Per capita income that is, for the most recent period for which data are available, 80 percent or less of the national average per capita income.

(3) A special need, as determined by EDA, arising from actual or threatened severe unemployment or economic adjustment problems resulting from severe short-term or long-term changes in economic conditions, for example:

- (i) Substantial outmigration or population loss;
- (ii) Underemployment, that is, employment of workers at less than full time or at less skilled tasks than their training or abilities permit;
- (iii) Military base closures or realignments, defense contractor reductions-in-force, or Department of Energy defense-related funding reductions;
- (iv) Natural or other major disasters or emergencies;
- (v) Extraordinary depletion of natural resources;
- (vi) Closure or restructuring of industrial firms, essential to area economies; or
- (vii) Destructive impacts of foreign trade.

(c) A non-distressed area [i.e., an area that does not meet the criteria of paragraph (b) of this section] within an Economic Development District is also eligible, provided the project will be of a substantial direct benefit to an area that meets at least one of the criteria of paragraph (b) of this section. A project provides substantial direct benefit if it provides significant employment opportunities for unemployed,

underemployed or low income residents.

(d) Normally an area is defined by geographical/political boundaries, e.g., city, county, Indian reservation. However, a smaller area (without regard to political boundaries) is also eligible even though it may be part of a larger community that overall is experiencing low distress. When the boundaries of the project area differ from established political boundaries, the project area must be of sufficient size appropriate to the proposed project, and the applicant must justify the proposed boundaries in relation to the project's benefits to the area.

(e) Eligibility is determined at the time that EDA receives an application and is based on the most recent Federal data available for the area where the project will be located or where the substantial direct benefits will be received. If no Federal data are available to determine eligibility, an applicant must submit to EDA the most recent data available through the government of the State in which the area is located, i.e., conducted by or at the direction of the State government. Other data may be submitted, as appropriate, to substantiate eligibility based on special needs, under paragraph (b)(3) of this section.

(f) EDA may reject any documentation of eligibility that it determines is inaccurate.

(g) There is no area eligibility requirement for a project grant under part 306 or 307.

(h) EDA describes special needs criteria under paragraph (b)(3) of this section in a NOFA.

### § 301.3 Strategy required.

(a) To be eligible for a project grant under part 305 or 308 of this chapter, the application for assistance must include a CEDS acceptable to EDA. The applicant may, however, incorporate by reference a current strategy previously approved by EDA, as an alternative to including the strategy in the application. (Exception: A strategy is not required when a funding request is for planning assistance, e.g., a strategy grant, under part 308 of this chapter.)
