§ 305.13 Bid overrun.

If at the construction contract bid opening the lowest responsive bid less deductive alternates, if any, exceeds the funds available for construction, the recipient may reject all bids or augment the funds available in an amount sufficient to enable the award to be made to the low bidder. If available, the recipient may take deductive alternates in the order given in the Invitation for Bids until at least one of the responsive bids less deductive alternates results in a price within the funds announced as available prior to the bid opening. The award then may be made to that bidder. Additional information on the procedures to be followed is in the EDA publication, *Requirements for Approved Construction Projects*.
