§ 900.706 Employment practices.

(a) *General.* (1) No qualified handicapped person shall, on the basis of handicap, be subjected to discrimination in employment under a program or activity that receives or benefits from Federal financial assistance from OPM.

(2) A recipient shall make all decisions concerning employment under any program or activity to which this subpart applies in a manner which ensures that discrimination on the basis of handicap does not occur and may not limit, segregate, or classify applicants or employees in any way that adversely affects their opportunities or status because of handicap.

(3) The prohibition against discrimination in employment applies to the following activities:

(i) Recruitment, advertising, and the processing of applications for employment;

(ii) Hiring, upgrading, promotion, award of tenure, demotion, transfer, layoff, termination, right of return from layoff, and rehiring;

(iii) Rates of pay or any other form of compensation and changes in compensation;

(iv) Job assignments, job classifications, organizational structures, position descriptions, lines of progression, and seniority lists;

(v) Leaves of absence, sick leave, or any other leave;

(vi) Fringe benefits available by virtue of employment, whether or not administered by the recipient;

(vii) Selection and financial support for training, including apprenticeship, professional meetings, conferences, and other related activities, and selection for leaves of absence to pursue training;

(viii) Employer sponsored activities, including social or recreational programs; and

(ix) Any other term, condition, or privilege of employment.

(4) A recipient may not participate in a contractual or other relationship that has the effect of subjecting qualified handicapped applicants or employees to discrimination prohibited by this subpart. The relationships referred to in this paragraph include relationships with employment and referral agencies, with labor unions, with organizations providing or administering fringe benefits to employees of the recipient, and with organizations providing training and apprenticeship programs.

(b) *Reasonable accommodation.* (1) A recipient shall make reasonable accommodation to the known physical or mental limitations of an otherwise qualified handicapped applicant or employee under any program or activity receiving Federal financial assistance from OPM unless the recipient can demonstrate that the accommodation would impose an undue hardship on the operation of its program.

(2) Reasonable accommodation may include, but shall not be limited to, making facilities readily accessible to and usable by handicapped persons, acquisition or modification of equipment or devices, appropriate adjustment or modification of examinations, the provision of readers and interpreters, job restructuring and providing part-time or modified work schedules and other similar actions.

(3) In determining pursuant to paragraph (b)(1) of this section whether an accommodation would impose an undue hardship on the operation of the recipient in question, factors to be considered by OPM include:

(i) The overall size of the recipient's program with respect to the number of employees, number and type of facilities and size of budget;

(ii) The type of operation, including the composition and structure of the work force; and

(iii) The nature and the cost of the accommodation.

(c) *Employment criteria.* (1) A recipient involved in activities receiving Federal financial assistance may not make use of any employment test or other selection criterion that screens out or tends to screen out handicapped persons or

§ 900.707

any class of handicapped persons in any program or activity that receives Federal financial assistance unless the test score or other selection criterion, as used by the recipient, is shown to be job-related for the position in question and alternative job-related tests or criteria that do not screen out as many handicapped persons are not shown by the Office of Personnel Management's Personnel Research and Development Center to be available.

(2) A recipient shall select and administer tests concerning employment so as to ensure that, when administered under any program or activity that receives Federal financial assistance from OPM, to an applicant or employee who has a handicap that impairs sensory, manual, or speaking skills, the test results accurately reflect the applicant's or employee's ability to perform the duties of the type of position in question rather than reflecting the applicant's or employee's impaired sensory, manual, or speaking skills (except where those skills are the factors that the test purports to measure).

(d) *Preemployment inquiries.* (1) Except as provided in paragraph (d)(2) of this section, a recipient, when considering an applicant for employment under any program or activity receiving Federal financial assistance from OPM, may not conduct a preemployment medical examination and may not make preemployment inquiry of an applicant as to whether the applicant is a handicapped person or as to the nature or severity of a handicap. A recipient may, however, make preemployment inquiry into an applicant's ability to perform job-related functions.

(2) Nothing in this section shall prohibit an organization from conditioning an offer of employment under any program or activity receiving Federal financial assistance from OPM on the results of a medical examination conducted prior to the employee's entrance on duty: *Provided*, That (i) All entering employees are subjected to such an examination regardless of handicap or when a preemployment medical questionnaire used for positions which do not routinely require medical examination indicates a condition for which further examination is

5 CFR Ch. I (1-1-01 Edition)

required because of the job-related nature of the condition; and

(ii) The results of such an examination are used in accordance with the requirements of this subpart.

§ 900.707 Certification required.

(a) *General.* Each application to OPM for financial assistance, as a condition to its approval and the extension of financial assistance, shall contain or be accompanied by, a certification from the applicant in a form prescribed by OPM that the program will be conducted in compliance with the requirements of this subpart. The assurance shall obligate the recipient for the period during which the financial assistance is extended to the program.

(b) *Certification from subgrantees.* A certification shall be required of all subgrantees receiving financial assistance from OPM to the effect that all programs or parts thereof carried out by subgrantees shall be in compliance with the requirements of this subpart. The recipient shall be responsible for securing the certification from subgrantees.

§ 900.708 Self-evaluation.

(a) Each recipient shall, within one year of the receipt of financial assistance, conduct or have conducted an evaluation of its compliance with this subpart with the assistance of interested persons, including handicapped persons or organizations representing handicapped persons. Each such recipient shall evaluate its current policies and practices and their effects, and modify any that do not meet the requirements of this part. Each such recipient shall permit the Office of Personnel Management, during normal business hours, to examine its self-evaluation along with its books, records, accounts, facilities and other sources of information as may be useful to determine whether there has been compliance with this subpart. Self-evaluation required under other Federal programs may be accepted by OPM if the information pertaining to activities receiving financial assistance from OPM is included and the records are available to OPM representatives.
