

(j) For reconstituted milk made from receipts of nonfluid milk products, multiply \$1.00 (but not more than the difference between the Class I price applicable at the location of the pool plant and the Class IV price) by the hundredweight of skim milk and butterfat contained in receipts of nonfluid milk products that are allocated to Class I use pursuant to §1000.43(d).

(k) Compute the amount of credits applicable pursuant to §1030.55.

[64 FR 47978, Sept. 1, 1999, as amended at 65 FR 82836, Dec. 28, 2000]

§ 1030.61 Computation of producer butterfat price and producer price differential.

For each month the market administrator shall compute a producer butterfat price per pound of butterfat and a producer price differential per hundredweight for producer milk receipts. The report of any handler who has not made payments required pursuant to §1030.71 for the preceding month shall not be included in the computation of these prices, and such handler's report shall not be included in the computation for succeeding months until the handler has made full payment of outstanding monthly obligations. Subject to the conditions of this paragraph, the market administrator shall compute the producer butterfat price and the producer price differential in the following manner:

(a) *Producer butterfat price.* The producer butterfat price per pound, rounded to the nearest one-hundredth cent, shall be computed by:

(1) Multiplying the pounds of butterfat in producer milk allocated to each class pursuant to §1000.44(b) by the respective class butterfat prices;

(2) Adding the butterfat value calculated in §1030.60(i) for other source milk allocated to Class I pursuant to §1000.43(d) and the steps of §1000.44(b) that correspond to §1000.44(a)(3)(i) and §1000.44(a)(8) by the Class I price; and

(3) Dividing the sum of paragraphs (a)(1) and (a)(2) of this section by the sum of the pounds of butterfat in producer milk and other source milk used to calculate the values in paragraphs (a)(1) and (a)(2) of this section.

(b) *Producer price differential.* (1) Combine into one total the values com-

puted pursuant to §1030.60 for all handlers required to file reports prescribed in §1030.30;

(2) Subtract the total of the values obtained:

(i) By multiplying the total pounds of protein, other solids, and butterfat contained in each handler's producer milk for which an obligation was computed pursuant to §1030.60(a) through (h) and §1030.60(j) by the protein price, other solids price, and producer butterfat price, respectively, and the total value of the somatic cell adjustment pursuant to §1030.30(a)(1) and (c)(1);

(ii) By multiplying each handler's pounds of skim milk and butterfat for which a value is computed pursuant to §1030.60(i) by the Class III skim milk price and the producer butterfat price, respectively;

(3) Add an amount equal to the minus location adjustments and subtract an amount equal to the plus location adjustments computed pursuant to §1030.75;

(4) Add an amount equal to not less than one-half of the unobligated balance in the producer-settlement fund;

(5) Divide the resulting amount by the sum of the following for all handlers included in these computations:

(i) The total hundredweight of producer milk; and

(ii) The total hundredweight for which a value is computed pursuant to §1030.60(i); and

(6) Subtract not less than 4 cents nor more than 5 cents from the price computed pursuant to paragraph (b)(5) of this section. The result shall be known as the *producer price differential* for the month.

[65 FR 82836, Dec. 28, 2000]

§ 1030.62 Announcement of producer prices.

On or before the 13th day after the end of each month, the market administrator shall announce publicly the following prices and information:

- (a) The producer price differential;
- (b) The protein price;
- (c) The nonfat solids price;
- (d) The other solids price;
- (e) The producer butterfat price;
- (f) The somatic cell adjustment rate;

§ 1030.70

(g) The average butterfat, nonfat solids, protein and other solids content of producer milk; and

(h) The statistical uniform price computed by adding the following values:

(1) The Class III skim milk price computed in §1000.50(i) multiplied by .965;

(2) The producer butterfat price computed in §1030.61(a) multiplied by 3.5; and

(3) The producer price differential computed in §1030.61(b).

[64 FR 47978, Sept. 1, 1999, as amended at 65 FR 82837, Dec. 28, 2000]

PAYMENTS FOR MILK

§ 1030.70 Producer-settlement fund.

See §1000.70.

§ 1030.71 Payments to the producer-settlement fund.

Each handler shall make payment to the producer-settlement fund in a manner that provides receipt of the funds by the market administrator no later than the 15th day after the end of the month (except as provided in §1000.90). Payment shall be the amount, if any, by which the amount specified in paragraph (a) of this section exceeds the amount specified in paragraph (b) of this section:

(a) The total value of milk to the handler for the month as determined pursuant to §1030.60.

(b) The sum of:

(1) An amount obtained by multiplying the total hundredweight of producer milk as determined pursuant to §1000.44(c) by the producer price differential as adjusted pursuant to §1030.75;

(2) An amount obtained by multiplying the total pounds of protein, other solids, and butterfat contained in producer milk by the protein, other solids, and producer butterfat prices respectively;

(3) The total value of the somatic cell adjustment to producer milk; and

(4) An amount obtained by multiplying the hundredweight, the pounds of skim milk, and the pounds of butterfat for which a value was computed pursuant to §1030.60(i) by the producer price differential, the Class III skim

7 CFR Ch. X (1-1-01 Edition)

milk price, and the producer butterfat price, respectively, as adjusted pursuant to §1030.75 applicable at the location of the plant from which received.

[64 FR 47978, Sept. 1, 1999, as amended at 65 FR 82836, Dec. 28, 2000]

§ 1030.72 Payments from the producer-settlement fund.

No later than the 16th day after the end of each month (except as provided in §1000.90), the market administrator shall pay to each handler the amount, if any, by which the amount computed pursuant to §1030.71(b) exceeds the amount computed pursuant to §1030.71(a). If, at such time, the balance in the producer-settlement fund is insufficient to make all payments pursuant to this section, the market administrator shall reduce uniformly such payments and shall complete the payments as soon as the funds are available.

§ 1030.73 Payments to producers and to cooperative associations.

(a) Each handler shall pay each producer for producer milk for which payment is not made to a cooperative association pursuant to paragraph (b) of this section, as follows:

(1) *Partial payment.* For each producer who has not discontinued shipments as of the date of this partial payment, payment shall be made so that it is received by each producer on or before the 26th day of the month (except as provided in §1000.90) for milk received during the first 15 days of the month from the producer at not less than the lowest announced class price for the preceding month, less proper deductions authorized in writing by the producer.

(2) *Final payment.* For milk received during the month, payment shall be made so that it is received by each producer no later than the 17th day after the end of the month (except as provided in §1000.90) in an amount equal to not less than the sum of:

(i) The hundredweight of producer milk received times the producer price differential for the month as adjusted pursuant to §1030.75;

(ii) The pounds of butterfat received times the producer butterfat price for the month;

(iii) The pounds of protein received times the protein price for the month;

(iv) The pounds of other solids received times the other solids price for the month;

(v) The hundredweight of milk received times the somatic cell adjustment for the month;

(vi) Less any payment made pursuant to paragraph (a)(1) of this section;

(vii) Less proper deductions authorized in writing by such producer, and plus or minus adjustments for errors in previous payments to such producer subject to approval by the market administrator; and

(viii) Less deductions for marketing services pursuant to §1000.86.

(b) *Payments for milk received from cooperative association members.* On or before the day prior to the dates specified in paragraphs (a)(1) and (a)(2) of this section (except as provided in §1000.90), each handler shall pay to a cooperative association for milk from producers who market their milk through the cooperative association and who have authorized the cooperative to collect such payments on their behalf an amount equal to the sum of the individual payments otherwise payable for such producer milk pursuant to paragraphs (a)(1) and (a)(2) of this section.

(c) *Payment for milk received from cooperative association pool plants or from cooperatives as handlers pursuant to §1000.9(c).* On or before the day prior to the dates specified in paragraphs (a)(1) and (a)(2) of this section (except as provided in §1000.90), each handler who receives fluid milk products at its plant from a cooperative association in its capacity as the operator of a pool plant or who receives milk from a cooperative association in its capacity as a handler pursuant to §1000.9(c), including the milk of producers who are not members of such association and who the market administrator determines have authorized the cooperative association to collect payment for their milk, shall pay the cooperative for such milk as follows:

(1) For bulk fluid milk products and bulk fluid cream products received from a cooperative association in its capacity as the operator of a pool plant and for milk received from a cooperative association in its capacity as a

handler pursuant to §1000.9(c) during the first 15 days of the month, at not less than the lowest announced class prices per hundredweight for the preceding month;

(2) For the total quantity of bulk fluid milk products and bulk fluid cream products received from a cooperative association in its capacity as the operator of a pool plant, at not less than the total value of such products received from the association's pool plants, as determined by multiplying the respective quantities assigned to each class under §1000.44, as follows:

(i) The hundredweight of Class I skim milk times the Class I skim milk price for the month plus the pounds of Class I butterfat times the Class I butterfat price for the month. The Class I price to be used shall be that price effective at the location of the receiving plant;

(ii) The pounds of nonfat solids in Class II skim milk by the Class II nonfat solids price;

(iii) The pounds of butterfat in Class II times the Class II butterfat price;

(iv) The pounds of nonfat solids in Class IV times the nonfat solids price;

(v) The pounds of butterfat in Class III and Class IV milk by the respective butterfat prices for the month;

(vi) The pounds of protein in Class III milk times the protein price;

(vii) The pounds of other solids in Class III milk times the other solids price;

(viii) The hundredweight of Class II, Class III, and Class IV milk times the somatic cell adjustment; and

(ix) Add together the amounts computed in paragraphs (c)(2)(i) through (viii) of this section and from that sum deduct any payment made pursuant to paragraph (c)(1) of this section; and

(3) For the total quantity of milk received during the month from a cooperative association in its capacity as a handler under §1000.9(c) as follows:

(i) The hundredweight of producer milk received times the producer price differential as adjusted pursuant to §1030.75;

(ii) The pounds of butterfat received times the producer butterfat price for the month;

(iii) The pounds of protein received times the protein price for the month;
