

Commodity Credit Corporation, USDA

§ 1410.42

eligible practices which have been previously established, or for which such owner or operator has received cost-share assistance from any Federal agency.

(d) Except as provided for under §1410.10(c), cost-share payments may be authorized for the replacement or restoration of practices for which cost-share assistance has been previously allowed under the CRP, only if:

(1) Replacement or restoration of the practice is needed to achieve adequate erosion control, enhanced water quality, wildlife habitat, or increased protection of public wellheads; and

(2) The failure of the original practice was due to reasons beyond the control of the participant.

(e) The cost-share payment made to a participant shall not exceed the participant's actual contribution to the cost of establishing the practice and the amount of the cost-share may not be an amount which, when added to assistance from other sources, exceeds the cost of the practices.

(f) CCC shall not make cost-share payments with respect to a CRP contract if any other Federal cost-share assistance has been, or is being, made with respect to the establishment of the cover crop on land subject to such contract.

§ 1410.41 Levels and rates for cost-share payments.

(a) As determined by the Deputy Administrator, CCC shall not pay more than 50 percent of the actual or average cost of establishing eligible practices specified in the conservation plan, except that CCC may allow cost-share payments for maintenance costs to the extent required by §1410.40 and CCC may determine the period and amount of such cost-share payments.

(b) The average cost of performing a practice may be determined by CCC based on recommendations from the State Technical Committee. Such cost may be the average cost in a State, a county, or a part of a State or county, as determined by the Deputy Administrator.

(c) A one-time financial incentive, may be offered to participants who restore the hydrology of eligible wetlands in accordance with the provisions

of §1410.11(b) or other lands as determined by the Deputy Administrator; such incentives will not be greater than 25 percent of the cost of restoring such wetlands or other lands, as determined by CCC.

(d) Except as otherwise provided, a participant may, in addition to any payment under this part, receive cost-share assistance, rental payments, or tax benefits from a State, subdivision of such State, or a private organization in return for enrolling lands in CRP. However, as provided under §1410.40(f) of this part, a participant may not receive or retain CRP cost-share assistance if other Federal cost-share assistance is provided for such acreage, as determined by the Deputy Administrator. Further, under no circumstances may the cost-share payments received under this part, or otherwise, exceed the cost of the practice, as determined by CCC.

§ 1410.42 Annual rental payments.

(a) Subject to the availability of funds, annual rental payments shall be made in such amount and in accordance with such time schedule as may be agreed upon and specified in the CRP contract.

(b) The annual rental payment shall be divided among the participants on a single contract in the manner agreed upon in such contract.

(c) The maximum amount of rental payments which a person may receive under the CRP for any fiscal year shall not exceed \$50,000. The regulations set forth at part 1400 of this chapter shall be applicable in making eligibility and "person" determinations as they apply to payment limitations under this part.

(d) In the case of a contract succession, annual rental payments shall be divided between the predecessor and the successor participants as agreed to among the participants and approved by CCC. If there is no agreement among the participants, annual rental payments shall be divided in such manner deemed appropriate by the Deputy Administrator and such distribution may be based on the actual days of ownership of the property.

(e) CCC shall, when appropriate, prepare a schedule for each county that

§ 1410.43

shows the maximum soil rental rate CCC may pay which may be supplemented to reflect special contract requirements. As determined by the Deputy Administrator, such schedule will be calculated based on the relative productivity of soils within the county using NRCS data and local FSA average cash rental estimates. The schedule will be posted in the local FSA office. As determined by the Deputy Administrator, the schedule shall indicate, when appropriate, that:

(1) Contracts offered by producers who request rental payments greater than the schedule for their soil(s) will be rejected;

(2) Offers of contracts that are expected to provide especially high environmental benefits, as determined by the Deputy Administrator, may be accepted without further evaluation when the requested rental rate is less than or equal to the corresponding soil schedule; and

(3) Otherwise qualifying offers shall be ranked competitively based on factors established under §1410.31 of this part in order to provide the most cost-effective environmental benefits, as determined by the Deputy Administrator.

(f) Additional financial incentives may be provided to producers offering contracts expected to provide especially high environmental benefits through an increased annual rental payment or incentive payment as determined by the Deputy Administrator.

§ 1410.43 Method of payment.

Except as provided in §1410.50, payments made by CCC under this part may be made in cash or other methods of payment in accordance with part 1401 of this chapter, unless otherwise specified by CCC.

§§ 1410.44–1410.49 [Reserved]

§ 1410.50 State enhancement program.

(a) For contracts to which a State, political subdivision, or agency thereof has succeeded in connection with an approved conservation reserve enhancement program, payments shall be made in the form of cash only. The provisions that limit the amount of payments per year that a person may receive under this part shall not be appli-

7 CFR Ch. XIV (1–1–01 Edition)

cable to payments received by such State, political subdivision, or agency thereof in connection with agreements entered into under such enhancement programs carried out by such State, political subdivision, or agency thereof which has been approved for that purpose by CCC.

(b) CCC may enter into other agreements in accordance with terms deemed appropriate by CCC, with States to use the CRP to cost-effectively further specific conservation and environmental objectives of that State and the nation.

§ 1410.51 Transfer of land.

(a)(1) If a new owner or operator purchases or obtains the right and interest in, or right to occupancy of, the land subject to a CRP contract, as determined by the Deputy Administrator, such new owner or operator, upon the approval of CCC, may become a participant to a new CRP contract with CCC with respect to such transferred land.

(2) With respect to the transferred land, if the new owner or operator becomes a successor to the existing CRP contract, the new owner or operator shall assume all obligations under the CRP contract of the previous participant.

(3) If the new owner or operator becomes a successor to a CRP contract with CCC, then, except as otherwise determined appropriate by the Deputy Administrator:

(i) Cost-share payments shall be made to the participant, past or present, who established the practice; and

(ii) Annual rental payments to be paid during the fiscal year when the land was transferred shall be divided between the new participant and the previous participant in the manner specified in §1410.42.

(b) If a participant transfers all or part of the right and interest in, or right to occupancy of, land subject to a CRP contract and the new owner or operator does not become a successor to such contract within 60 days of such transfer, such contract shall be terminated with respect to the affected portion of such land and the original participant:
