

(3) No action will be approved that has been determined to have significant impacts on the human environment or cultural resources.

(d)(1) In order to minimize the exposure to environmental liabilities from the presence of contamination on real estate collateral, an evaluation will be made of the economic and environmental risks to the real estate collateral posed by the presence of hazardous substances and petroleum products.

(2) If the evaluation made under paragraph (d)(1) of this section reveals that the collateral is or may be contaminated, then the applicant will be notified and given an option of offering as collateral other real estate that is free from contamination or remediating the contamination on the original site offered as collateral.

§ 1437.1 Applicability.

(a) For the 1997 and subsequent crop years, NAP is intended to provide eligible producers of eligible crops with protection comparable to the catastrophic risk protection plan of crop insurance. NAP is also designed to help reduce production risks faced by producers of crops for which Federal crop insurance under the Federal Crop Insurance Act, as amended is not available. NAP will reduce financial losses that occur when natural disasters cause a catastrophic loss of production or prevented planting of an eligible crop. Payment eligibility is based on an expected yield for the area and the producer's approved yield based on actual production history, or a transitional yield if sufficient production records are not available. In the case of forage determined by CCC to be predominantly grazed in accordance with § 1437.7(j), payment eligibility is based on an expected stocking level for the area and unit and the actual number of animals grazed and days grazing occurred. Production for both the applicable area expected yield and the individual producer approved yield for the unit or for forage determined by CCC to be predominantly grazed, area and unit expected stocking level must each fall below specified percentages in order to be eligible for payments under this part.

(b) The provisions contained in this part are applicable to each eligible producer and each eligible crop for which catastrophic coverage is not otherwise available.

§ 1437.2 Administration.

(a) NAP is administered under the general supervision of the Executive Vice-President, CCC (Administrator, Farm Service Agency), and shall be carried out by State and county FSA committees (State and county committees).

(b) State and county committees, and representatives and their employees, do not have authority to modify or waive any of the provisions of the regulations of this part.

(c) The State committee shall take any action required by these regulations that the county committee has
