The acceptance and use of a marketing card bearing a notation of indebtedness to the United States by a producer named as debtor on such card will constitute an authorization by such producer to any tobacco warehouse operator or association to pay the United States the price support advance due the producer to the extent of their indebtedness set forth on such card but not to exceed that portion of the price support advance remaining after deduction of usual warehouse and authorized price support charges and amounts due prior lienholders. The acceptance and use of a marketing card bearing a notation and information of indebtedness to the United States will not constitute a waiver of any right of the producer to contest the validity of such indebtedness by appropriate administrative appeal or legal action.
