

§ 15b.40

7 CFR Subtitle A (1-1-01 Edition)

§ 15b.40 Food services.

(a) Recipients which operate food service programs assisted by this Department shall serve special meals, at no extra charge, to persons whose handicap restricts their diet. Recipients may require handicapped persons to provide medical certification that special meals are needed because of their handicap.

(b) Where existing food service facilities are not completely accessible and usable, recipients may provide aides or use other equally effective methods to serve food to handicapped persons. Recipients shall provide all food services in the most integrated setting appropriate to the needs of handicapped persons.

§ 15b.41 Multi-family rental housing.

(a) *General.* No qualified handicapped person shall, on the basis of handicap, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination in a multi-family rental housing program.

(b) *New construction.* (1) Recipients receiving assistance from the Department for multi-family rental housing projects constructed after the effective date of this part shall construct at least five percent of the units in the project or one unit, whichever is greater, to be accessible to or adaptable for physically handicapped persons. The requirement that five percent of the units in the project or at least one unit, whichever is greater, be accessible or adaptable may be modified if a recipient shows, through a market survey approved by the Department, that a different percentage of accessible or adaptable units is appropriate for a particular project and its service area.

(i) The variety of units accessible to or adaptable for physically handicapped persons shall be comparable to the variety of units available in the project as a whole.

(ii) No extra charge may be made for use of accessible or adaptable units.

(iii) A recipient that operates multi-family rental housing projects on more than one site may not locate all accessible or adaptable units at one site unless only one accessible or adaptable unit is required.

(2) Standards for accessibility are contained in subpart C and in appropriate program regulations.

(c) *Existing facilities.* Recipients receiving assistance from the Department for multi-family rental housing projects constructed prior to the effective date of this part shall assure that their facilities comply with the program accessibility requirements established in §15b.18 if a qualified handicapped person applies for admission. Necessary physical alterations made pursuant to such requirements shall be completed within a reasonable amount of time after the unit becomes available for occupancy by the qualified handicapped person. Subject to the availability of funds and fulfillment by the recipient of all program eligibility requirements, the Department may assist recipients to comply with program accessibility requirements through methods such as (1) consideration of subsequent loan applications for purposes of making existing facilities accessible or for the construction of additional units which are accessible and (2) consideration of approval to commit project reserve account funds for minor modifications in order to make existing facilities accessible.
