7 CFR Ch. XVIII (1–1–01 Edition)

on the amount of interest actually paid by the borrower. MCCs are subject to shared equity of a portion of any “gain” realized on the property when sold within 10 years after purchase. If the loan is also an RHS interest assisted loan, RHS shall receive priority for shared equity repayment. Income taxes are complex issues; RHS employees and Lenders are not expected to be able to identify all issues impacting the borrower’s taxes. Lenders should encourage borrowers to consult with a tax advisor.

(1) When the Lender is participating in an MCC program the amount of the tax credit is considered as an additional resource available for repayment of the loan when the credit is taken on a monthly basis from withholding.

(2) The Lender will submit a copy of the MCC and a copy of the applicant’s Form IRS W-4, “Employee’s Withholding Allowance Certificate,” along with the other materials for the loan guarantee request. The amount of tax credit is limited to the applicant’s maximum tax liability.

(i) The MCC must show the rate of credit allowed.

(ii) The Form IRS W-4 must reflect that the borrower is taking the tax credit on a monthly basis.

(iii) The Lender will certify that the borrower has completed and processed all of the necessary documents to obtain the tax credit in accordance with this section.

(b) *Funded buydown accounts.* A funded buydown account is a prepaid arrangement between a builder or a seller and a Lender that is designed to improve applicant’s repayment ability. Funded buydown accounts are permitted when the Lender obtains prior RHS concurrence. RHS will consider buydown accounts when there are compensating factors which indicate the borrower’s ability to meet the expected increases in loan payment. The seller, Lender or other third party must place funds in an escrow account with monthly releases scheduled directly to the Lender to reduce the borrower’s monthly payment during the early years of the loan. The maximum reduction which may be considered is 2 percent below the note rate, even though

the actual buydown may be for more. Reductions in buydown assistance may not result in an increase in the interest rate paid by the borrower of more than 1 percent per year. The borrower shall not be required to repay escrowed buydown funds. Funds must be escrowed with a state or federally supervised Lender. Funded buydown accounts must be fully funded for the buydown period. Buydown periods must be at least 12 months for each 1 percent of the buydown.

§ 1980.397 Exception authority.

The Administrator may, in individual cases, make an exception to any requirement or provision of this subpart or address any omission of this subpart which is not inconsistent with the authorizing statute or other applicable law if the Administrator determines that application of the requirement, or provision, or failure to take action in the case of an omission would adversely affect the Government’s financial interest. The Administrator will exercise this authority upon request of the State Director with the recommendation of the Assistant Administrator for Housing. Requests for exception must be made in writing accompanied by the borrower’s casefile in cases involving specific borrowers and supported with documentation to explain the adverse effect, propose alternative courses of action, and to show how the adverse effect will be eliminated or minimized if the exception is granted.

§ 1980.398 Unauthorized assistance and other deficiencies.

(a) *Unauthorized assistance.* Unauthorized assistance includes, but is not limited to, issuance of a loan note guarantee when the borrower was not eligible for the loan or the borrower was eligible but the loan was not made for authorized purposes. Unauthorized assistance in the form of interest assistance is discussed in § 1980.390.

(b) *Initial determination of unauthorized assistance.* The reasons for unauthorized assistance being received by the Lender may include:
