Administrative

A. *Par (a)(2)*. FmHA or its successor agency under Public Law 103-354's credit analysis of collateral will consist of the following:

1. Little or no value will be assigned to unsecured personal or corporate guarantees.

2. A maximum of 80 percent of current market value will be given to real estate. Special purpose real estate should be assigned less value.

3. FmHA or its successor agency under Public Law 103-354 at its option may permit a maximum of 60 percent of book value to be assigned to acceptable accounts receivable; however, all accounts over 90 days past due, contra accounts, affiliated accounts and other accounts deemed, by the FmHA or its successor agency under Public Law 103-354 official, not to be collateral will be omitted. Calculations to determine the percentage to be applied in the analysis are to be based on the realizable value of the accounts receivable taken from a current aging of accounts receivable from the borrower's most recent financial statement.

4. A maximum of 60 percent of book value will be assigned to inventory.

5. Collateral value assigned to machinery and equipment, furniture and fixtures will be based upon its marketability, mobility, useful life and alternative uses, if any.

B. *Par (b)*. The State Director will assure that the collateral values and personal and corporate guarantees are fully reviewed, analyzed and the loan file is documented as to the facts and reasons for decisions reached.

§ 1980.444 Appraisal of property serving as collateral.

(a) Appraisal reports prepared by independent qualified fee appraisers will be required on all property that will serve as collateral. In the case of loans two million dollars or less, the State Director may modify this requirement by permitting the appraisal to be made by a qualified appraiser on the lender's staff with experience appraising the type of collateral involved. The appraisers will give their opinion regarding the current market value of the collateral and the purpose for which the appraisal will be used. The lender will be responsible for assuring that appropriate appraisals are made.

(b) The lender will be responsible for determining that appraisers have the necessary qualifications and experience to make the appraisals. The lender will consult with FmHA or its successor agency under Public Law 103-354 for its recommendations before having the appraisal made.

(c) The lender will determine that the fees or charges of appraisers are reasonable.

(d) Independent appraisals will be made in accordance with the accepted format of the industry and those prepared by the lender in accordance with its policy and procedures. All appraisals will become part of the application. (See § 1980.541(i)(6) of this subpart.)

(e) If a subsequent loan request is made within 3 years from the date of the most recent borrower's appraisal report, and there is no significant change in collateral, then the FmHA or its successor agency under Public Law 103-354 State Director in his/her discretion, and if the lender agrees, may use the existing appraisal report in lieu of having a new appraisal prepared.
