§215.13a Determining eligibility for free milk in child-care institutions.

(a) *General.* Child care institutions which operate pricing programs may elect to make free milk available, as set forth in §215.7(d)(2), to children who meet the approved eligibility criteria. Such child care institutions shall determine the children who are eligible for free milk and assure that there is no physical segregation of, or other discrimination against, or overt identification of, children unable to pay the full price for milk.

(b) *Action by State agencies and FNSROs.* Each State agency, or FNSRO where applicable, upon application for the program by a child care institution operating a pricing program, and annually thereafter, shall require the institution to state whether or not it wishes to serve free milk to eligible children at times that milk is provided under the Program. It shall annually require each child care institution electing to provide free milk to submit a free milk policy statement and shall provide such institutions with a prototype free milk policy statement and a copy of the State's family-size income standards for determining eligibility for free meals and milk under the National School Lunch and School Breakfast Programs to assist the institutions in meeting its responsibilities.

(c) *Action by institutions.* Each child care institution which operates a pricing program shall inform the State agency, or FNSRO where applicable, at the time it applies for Program participation and at least annually thereafter, whether or not it wishes to provide free milk. Institutions electing to provide free milk shall annually sub-

mit a written free milk policy statement for determining free milk eligibility of children under their jurisdiction, which shall contain the items specified in paragraph (d) of this section. Such institutions shall not be approved for Program participation of their agreements renewed unless the free milk policy has been reviewed and approved. Pending approval or a revision of a policy statement, the existing policy shall remain in effect.

(d) *Policy statement.* A free milk policy statement as required in paragraph (c) of this section shall contain the following:

(1) The specific criteria to be used in determining eligibility for free milk. These criteria shall give consideration to economic need as reflected by family size and income. The criteria used by the child-care institution may not result in the eligibility of children from families whose incomes exceed the State's family-size income standards for determining eligibility for free meals under the National School Lunch and School Breakfast Programs.

(2) The method by which the child-care institution will collect information from families in order to determine a child's eligibility for free milk.

(3) The method by which the child-care institution will collect milk payments so as to prevent the overt identification of children receiving free milk.

(4) A hearing procedure substantially like that outlined in part 245 of this chapter.

(5) An assurance that there will be no discrimination against free milk recipients and no discrimination against any child on the basis of race, color, or national origin.

(e) *Public announcement of eligibility criteria.* Each child care institution which elects to make free milk available under the Program shall annually make a public announcement of the availability of free milk to children who meet the approved eligibility criteria to the information media serving the area from which its attendance is drawn. The public announcement must also state that milk is available to all

children in attendance without regard to race, color, or national origin.

§215.14 Nondiscrimination.

The Department's regulations on nondiscrimination in federally assisted programs are set forth in part 15 of this title. The Department's agreements with State agencies, the State agencies' agreements with School Food Authorities and child-care institutions and the FNSRO agreements with School Food Authorities administering nonprofit private schools and with child-care institutions shall contain the assurances required by such regulations. When different types of milk are served to children, (a) a uniform price for each type of milk served shall be charged to all non-needy children in the school or child-care institution who purchase milk, and (b) needy children shall be given the opportunity to select any type of milk offered.

§215.14a Procurement standards.

(a) *Requirements.* State agencies and School Food Authorities shall comply with the requirements of the Office of Management and Budget (OMB) Circular A-102 and the Department's Uniform Federal Assistance Regulations, 7 CFR part 3015, subpart S (46 FR 55658) concerning the procurement of supplies, food, equipment and other services with Program funds. These requirements are adopted by FNS to ensure that such materials and services are obtained for the Program efficiently and economically and in compliance with applicable laws and executive orders.

(b) *Contractual responsibilities.* The standards contained in OMB Circular A-102 and 7 CFR part 3015, do not relieve the State agency or School Food Authority of any contractual respon-

sibilities under its contract. The State agency or School Food Authority is the responsible authority, without recourse to FNS, regarding the settlement and satisfaction of all contractual and administrative issues arising out of procurements entered into in connection with the Program. This includes but is not limited to: Source evaluation, protests, disputes, claims, or other matters of a contractual nature. Matters concerning violation of law are to be referred to the local, State or Federal authority that has proper jurisdiction.

(c) *Procurement procedure.* The State agency or School Food Authority may use their own procurement procedures which reflect applicable State and local laws and regulations, provided that procurements made with Program funds adhere to the standards set forth in OMB Circular A-102 and 7 CFR part 3015.

§215.15 Suspension, termination and grant closeout procedures.

Whenever it is determined that a State agency has materially failed to comply with the provisions of this part, or with FNS guidelines and instructions, FNS may suspend or terminate the Program in whole, or in part, or take any other action as may be available and appropriate. A State agency may also terminate the Program by mutual agreement with FNS. FNS and the State agency shall comply with the provisions of the Department's Uniform Federal Assistance Regulations, 7 CFR part 3015, subpart N concerning grant suspension, termination and closeout procedures. Furthermore, the State agency, or FNSRO where applicable, shall apply these provisions to suspension or termination of the Program in School Food Authorities.
