

§ 226.13

(iii) The time allotted to the sponsoring organization for the initiation or expansion of Program operations in family day care homes;

(iv) The responsibility of the applicant sponsoring organization to repay, upon demand by the State agency, start-up or expansion payments not expended in accordance with the agreement.

(5) Upon execution of the agreement, the State agency shall issue a start-up or expansion payment to the sponsoring organization in an amount equal to not less than one, but not more than two month's anticipated administrative reimbursement to the sponsoring organization as determined by the State agency. However, no sponsoring organization may receive start-up or expansion payments for more than 50 day care homes. Eligible sponsoring organizations with fewer than 50 homes under their jurisdiction at the time of application for start-up payments may receive such payments for up to 50 homes, less the number of homes under their jurisdiction. Eligible sponsoring organizations applying for expansion funds may receive at a maximum such payments for up to 50 homes at the currently assigned administrative payment for the first 50 homes. In determining the amount of start-up or expansion payments to be made to a sponsoring organization, the State agency shall consider the anticipated level of start-up or expansion costs to be incurred by the sponsoring organization and alternate sources of funds available to the sponsoring organization.

(6) Upon expiration of the time allotted to the sponsoring organization for initiating or expanding Program operations in day care homes, the State agency shall obtain and review documentation of activities performed and costs incurred by the sponsoring organization under the terms of the start-up or expansion agreement. If the sponsoring organization has not made every reasonable effort to carry out the activities specified in the agreement, the State agency shall demand repayment of all or part of the payment. The sponsoring organization may retain start-up or expansion payments for all day care homes which initiate Program op-

§ 226.13 Food service payments to sponsoring organizations for day care homes.

(a) Payments shall be made only to sponsoring organizations operating under an agreement with the State agency for the meal types specified in the agreement served to enrolled non-resident children and eligible enrolled children of day care home providers, at approved day care homes.

(b) Each sponsoring organization shall report each month to the State agency the total number of meals, by type (breakfasts, lunches, suppers, and supplements) and by category (tier I and tier II), served to children enrolled in approved day care homes.

(c) Each sponsoring organization shall receive payment for meals served to children enrolled in approved day care homes at the tier I and tier II reimbursement rates, as applicable, and as established by law and adjusted in accordance with § 226.4. However, the rates for lunches and suppers shall be reduced by the value of commodities established under § 226.5(b) for all sponsoring organizations for day care homes which have elected to receive commodities. For tier I day care homes, the full amount of food service payments shall be disbursed to each day care home on the basis of the number of meals served, by type, to enrolled children. For tier II day care homes, the full amount of food service payments shall be disbursed to each day care home on the basis of the number of meals served to enrolled children by type, and by category (tier I and tier II) as determined in accordance with paragraphs (d)(2) and (d)(3) of this section. However, the sponsoring organization may withhold from Program payments to each home an amount equal to costs incurred for the provision of Program foodstuffs or meals by the sponsoring organization on behalf

of the home and with the home provider's written consent.

(d) As applicable, each sponsoring organization for day care homes shall:

(1) Require that tier I day care homes submit the number of meals served, by type, to enrolled children.

(2) Require that tier II day care homes in which the provider elects not to have the sponsoring organization identify enrolled children who are eligible for free or reduced price meals submit the number of meals served, by type, to enrolled children.

(3) Not more frequently than annually, select one of the methods described in paragraphs (d)(3) (i)–(iii) of this section for all tier II day care homes in which the provider elects to have the sponsoring organization identify enrolled children who are eligible for free or reduced price meals. In such homes, the sponsoring organization shall either:

(i) Require that such day care homes submit the number and types of meals served each day to each enrolled child by name. The sponsoring organization shall use the information submitted by the homes to produce an actual count, by type and by category (tier I and tier II), of meals served in the homes; or

(ii) Establish claiming percentages, not less frequently than semiannually, for each such day care home on the basis of one month's data concerning the number of enrolled children determined eligible for free or reduced-price meals. Sponsoring organizations shall obtain one month's data by collecting either enrollment lists (which show the name of each enrolled child in the day care home), or attendance lists (which show, by days or meals, the rate of participation of each enrolled child in the day care home). The State agency may require a sponsoring organization to recalculate the claiming percentage for any of its day care homes before the required semiannual calculation if the State agency has reason to believe that a home's percentage of income-eligible children has changed significantly or was incorrectly established in the previous calculation. Under this system, day care homes shall be required to submit the number of meals served, by type, to enrolled children; or

(iii) Determine a blended per-meal rate of reimbursement, not less frequently than semiannually, for each such day care home by adding the products obtained by multiplying the applicable rates of reimbursement for each category (tier I and tier II) by the claiming percentage for that category, as established in accordance with paragraph (d)(3)(ii) of this section. The State agency may require a sponsoring organization to recalculate the blended rate for any of its day care homes before the required semiannual calculation if the State agency has reason to believe that a home's percentage of income-eligible children has changed significantly or was incorrectly established in the previous calculation. Under this system, day care homes shall be required to submit the number of meals served, by type, to enrolled children.

§ 226.14 Claims against institutions.

(a) State agencies shall disallow any portion of a claim for reimbursement and recover any payment to an institution not properly payable under this part. State agencies may consider claims for reimbursement not properly payable if an institution does not comply with the recordkeeping requirements contained in this part. In addition, except with approval from the appropriate FNSRO, State agencies shall consider claims for reimbursement not payable when an institution fails to comply with the recordkeeping requirements that pertain to records directly supporting claims for reimbursement. Records that directly support claims for reimbursement include, but are not limited to, daily meal counts, menu records, and enrollment and attendance records, as required by § 226.15(e). State agencies shall assert overclaims against any sponsoring organization of day care homes which misclassifies a day care home as a tier I day care home unless the misclassification is determined to be inadvertent under guidance issued by FNS. However, the State agency shall notify the institution of the reasons for
