SAMPLE OR TYPE COMPARISON

§ 28.45 Scope of comparison; requests.

A comparison of cotton samples with a type may be requested with respect to grade, or to staple, including any of the component qualities embodied in the grade, or to all these factors. The classification of the type and the samples in accordance with the official cotton standards of the United States may also be requested. The applicant must specify in a written request the scope of service desired.

[52 FR 30882, Aug. 18, 1987]

§ 28.46 Method of submitting samples and types.

The method of submitting samples and types for comparison shall be the same as that prescribed in this subpart for submitting samples for classification.

§ 28.47 Statement of finding of Classing Office in comparisons.

For each quality factor (grade, staple, etc.) of the samples that the applicant has requested to be compared to the type, the Classing Office shall state in its findings whether such quality factor for each sample is "better," "equal," or "deficient" in comparison with the type. When appropriate, the findings of the Classing Office may also show the amount of difference in grade and in length between the sample and the type as measured by the official cotton standards of the United States,

and other explanatory notations as needed.

§ 28.57 Form C certificate.

When classification has been made of cotton inspected and sampled under supervision of a Division employee there shall be issued a cotton class certificate known as a Form C certificate. Each Form C certificate shall show the true classification of the cotton in the respects specified in the request. Such certificate, when it has been once reviewed in accordance with § 28.66, shall be deemed to be a final certificate as to the classification shown, within the meaning of section 4 of the Act (42
