§ 318.58-4a Administrative instructions authorizing the movement from Puerto Rico of frozen fruits and vegetables.

(a) The type of treatment designated in this subpart as freezing shall be one of the commercially-acceptable methods that involves initial freezing at subzero temperatures and subsequent storage at not higher than 0° F., with a storage tolerance of plus 20° F. Such treatments are commonly known as quick freezing, sharp freezing, frozen-pack, or cold-pack. Any equivalent freezing method is also included in this designation.

(b) The Deputy Administrator of the Plant Protection and Quarantine Programs is satisfied that the movement of all fruits and vegetables specified in § 318.58-2, when frozen, will not result in the dissemination of injurious insects. Accordingly, pursuant to the authority contained in the proviso of § 318.58-2, all fruits and vegetables specified therein, when frozen, are hereby removed from a prohibited status and are included in the list for which movement from Puerto Rico into or through any other State, Territory, or District is authorized in § 318.58-3. Freezing is hereby prescribed as an approved treatment meeting the treatment requirements for the movement of fruits and vegetables specified in § 318.58-3.¹

(c) The inspector in Puerto Rico shall determine that such fruits and vegetables are in a satisfactory frozen state before issuing a certificate. The inspector on the mainland will release the shipment on the basis of the certificate issued in Puerto Rico.

(d) The movement from Puerto Rico of frozen fruits and vegetables is not authorized when such fruits and vegetables are subject to attack, in the area of origin, by plant pests that may not, in the judgment of the Deputy Ad-

ministrator of the Plant Protection and Quarantine Programs, be destroyed by freezing.

(e) Freezing of fruits and vegetables as authorized in these instructions is considered necessary for the elimination of pest risk, and no liability shall attach to the United States Department of Agriculture or to any officer or representative of that Department in the event of injury resulting to fruits or vegetables offered for movement in accordance with these instructions.
