

Rural Housing Service, USDA

§ 3575.34

(a) The maximum guarantee is 90 percent of eligible loss.

(b) The lender will retain a minimum of 5 percent of the total loan amount. The retained amount must be from the unguaranteed portion of the loan and cannot be participated to another lender.

§§ 3575.31-3575.32 [Reserved]

§ 3575.33 Interest rates.

(a) *General.* Rates will be negotiated between the lender and the borrower.

They may be either fixed or variable rates. Interest rates will be those rates customarily charged borrowers in similar circumstances in the ordinary course of business and are subject to Agency review and approval.

(b) *Variable rate publication.* A variable interest rate must be tied to a base rate published periodically in a recognized national or regional financial publication specifically agreed to by the lender and borrower. Such an agreement must be documented in the borrower or lender loan agreement.

(1) Interest rate caps and incremental adjustment limitations will also be negotiated between the lender and the borrower. Notice of any interest rate change proposed by the lender should allow a sufficient time period for the borrower to obtain any required State or other regulatory approval and to implement any user rate adjustments necessary as a result of the interest rate change. The intervals between interest rate adjustments will be specified in the loan agreement (but not more often than quarterly).

(2) The lender must incorporate within the variable rate note, the provision for adjustment of payments coincident with an interest rate adjustment. This will ensure the outstanding principal balance is properly amortized within the prescribed loan maturity and eliminate the possibility of a balloon payment at the end of the loan.

(c) *Changes.* Any change in the interest rate between the date of issuance of the Conditional Commitment for Guarantee and before the issuance of the Loan Note Guarantee must be approved by the Agency. Approval of such change will be shown as an amendment

to the Conditional Commitment for Guarantee.

(d) *Different rates on guaranteed and unguaranteed portion of the loan.* It is permissible to have one interest rate on the guaranteed portion of the loan and another interest rate on the unguaranteed portion of the loan, provided the lender and borrower agree, and:

(1) The rate on the unguaranteed portion does not exceed that currently being charged on loans for similar purposes to borrowers under similar circumstances; and,

(2) The rate on the guaranteed portion of the loan will not exceed the rate on the unguaranteed portion. This requirement does not apply when the unguaranteed rate is variable and the guaranteed portion is fixed.

(e) *Multi-rates.* When multi-rates are used, the lender will provide the Agency with the overall effective interest rate for the entire loan. Multi-rate loans may be either fixed, variable, or a combination of fixed and variable. When a combination of fixed and variable interest rates are used, the interest rate for the unguaranteed portion will not be lower than the guaranteed portion of the loan.

§ 3575.34 Terms of loan repayment.

(a) *General.* Principal and interest on the loan will be due and payable as provided in the note except, any interest accrued as the result of the borrower's default on the guaranteed loan over and above that which would have accrued at the note rate on the guaranteed loan will not be guaranteed by the Agency. The lender will structure repayments as established in the loan agreement between the lender and borrower. Ordinarily, such installments will be scheduled for payment as agreed upon by the lender and borrower on terms that reasonably ensure repayment of the loan. However, the first installment to include a repayment of principal may be scheduled for payment after the project is operable and has begun to generate income. Such installment must be due and payable within 3 years from the date of the note and at least annually thereafter. Interest will be due at least annually from the date of the note. Monthly

§§ 3575.35–3575.36

payments will be required except for borrowers with income limited to less frequent intervals.

(b) *Term length.* The maximum time allowable for final maturity for a guaranteed CP loan will be limited to the useful life of the facility, not to exceed 40 years.

(c) *Balloon payments.* The principal balance should be properly amortized within the prescribed loan maturity. Balloon payments at the end of the loan are prohibited.

§§ 3575.35–3575.36 [Reserved]

§ 3575.37 Insurance and fidelity bonds.

The lender must provide evidence that the borrower has adequate insurance and fidelity bond coverage by loan closing or start of construction, whichever occurs first. Adequate coverage must be maintained for the life of the loan and is subject to Agency review and approval.

§§ 3575.38–3575.39 [Reserved]

§ 3575.40 Equal opportunity and Fair Housing Act requirements.

(a) *Equal Credit Opportunity Act.* The lender will comply with the requirements of title V of the Equal Credit Opportunity Act (15 U.S.C. 1691 *et seq.*). (See the Federal Reserve Board Regulation, 12 CFR part 202.)

(b) *Fair Housing Act.* Certain housing-related projects such as nursing homes, group homes, or assisted-living facilities must comply with the requirements of the Fair Housing Act (42 U.S.C. 3601 *et seq.*). This includes completion of an Affirmative Fair Housing Marketing Plan and compliance with the Housing and Urban Development accessibility guidelines except for areas open to the public which are covered by the Americans with Disabilities Act (42 U.S.C. 12181 *et seq.*). The lender will determine that the borrower has a valid plan in effect at all times.

§ 3575.41 [Reserved]

§ 3575.42 Design and construction requirements.

The lender will provide the Agency with a written certification at the end of construction that all funds were uti-

7 CFR Ch. XXXV (1–1–01 Edition)

lized for authorized purposes. The borrower and the lender will authorize designs and plans based upon the preliminary architectural and engineering reports or plans approved by the lender and concurred in by the Agency. The borrower will take into consideration any lender or Agency comments when the facility is being designed.

(a) *Architectural and engineering practices.* All project facilities must be designed utilizing accepted architectural and engineering practices and must conform to applicable Federal, State, and local codes and requirements. The lender must ensure that the planned project will be completed within the available funds and, once completed, will be suitable for the borrower's needs.

(b) *Construction monitoring.* The lender will monitor the progress of construction and undertake the reviews and inspections necessary to ensure that construction proceeds in accordance with the approved plans, specifications, and contract documents and that funds are used for eligible project costs. The lender must expeditiously report any problems in project development to the Agency.

(c) *Equal employment opportunities.* For all construction contracts in excess of \$10,000, the contractor must comply with Executive Order 11246 entitled "Equal Employment Opportunity" as amended and as supplemented by applicable Department of Labor regulations (41 CFR part 60–1). The borrower and lender are responsible for ensuring that the contractor complies with these requirements.

(d) *Americans with Disabilities Act.* Community Facilities loans which involve the construction of, or addition to, facilities that accommodate the public and commercial facilities as defined by the Americans with Disabilities Act (42 U.S.C. 12181—*et seq.*) must comply with that Act. The lender and borrower are responsible for compliance.

§ 3575.43 Other Federal, State, and local requirements.

In addition to the specific requirements of this subpart and beginning on the date of issuance of the Loan Note
