Late Planting Agreement

Insured's Name _____
 Contract No. _____
 Address _____
 Crop Year _____

 Crop _____

Notwithstanding the provisions of section 2 of the policy regarding the insurability of crop acreage initially planted after the final planting date on file in the service office, I elect to have insurance provided on acreage planted for 20 days after such date. Upon my making this election, the production guarantee or amount of insurance, whichever is applicable, will be reduced 10 percent for each five days or portion thereof that the acreage is planted after the final planting date. Each 10 percent reduction will be applied to the production guarantee or amount of insurance applicable on the final planting date.

The premium will be computed based on the guarantee or amount of insurance applicable on the final planting date; therefore, no reduction in premium will occur as a result of my election to exercise this option.

If planting continues under this Agreement after the acreage reporting date on file in the service office, the acreage reporting date will be extended to 5 days after the completion of planting the acreage to which insurance will attach under this Agreement.
