

§ 400.702

Risk subsidy. That portion of the FCIC approved insurance premium for the risk of loss paid by FCIC on behalf of the policyholders to the insurance provider.

Secretary. The Secretary of the United States Department of Agriculture.

Stochastic. A randomly determined sequence of observations, each of which is considered as a sample of one element for a probability distribution.

Submission. Any policy provisions, rates of premium, and related material submitted to FCIC that differs from the present MPCI program or replacement programs or that request a material change in an existing insurance program.

Supplemental program. A submission requesting reinsurance only that provides coverage in addition to, and is written concurrently with, an MPCI policy or a replacement program.

§ 400.702 Confidentiality of submission.

(a) A submission made to the Board under section 508(h) of the Act will be considered as confidential, commercial, or financial information for purposes of 5 U.S.C. 552(b)(4) until approved by the Board. An applicant may waive such confidentiality by advising FCIC in writing, or by releasing such information to a person or entity other than FCIC.

(b) Once a submission is approved, all information provided by the applicant to the Board, including statistical modeling and data, will be made public.

(c) Any submission disapproved by the Board will remain confidential, commercial, or financial information in accordance with 5 U.S.C. 552(b)(4).

§ 400.703 Timing of submission.

Any submission for Board review must be received not later than 240 days prior to the first sales closing date for which sales are requested for a crop to provide adequate time for review, approval, and marketing of the program. If the submission applies to more than one crop, the earliest applicable crop sales closing date controls. However, any submission received by FCIC less than 240 days prior to the

first sales closing date may be considered if all parties agree the submission can be reviewed, approved, and information disseminated to insurance providers in a timely manner without creating excessive risk and exposure to the crop insurance program or disruptions in the market place. Such a submission must meet all statutory requirements, specifically that the approved submission can be made available to all persons reinsured by FCIC in a manner permitting the persons to participate in the sales of the product in the first crop year for which it is approved by the Board for reinsurance, premium subsidy, or other support offered by the Act. Otherwise, the submission will be considered for the subsequent crop year. Since submissions vary in complexity and availability of required data, FCIC makes no assurances that approval will be given in time for sales in any crop year. In the event FCIC receives more submissions than it can process for an upcoming crop year, the date received, complexity, and completeness of the submission will determine when FCIC's review of the submission will be initiated and the crop year for which the submission is approved.

§ 400.704 Type of submission.

(a) Policies and related material identified as one of the following types:

- (1) A supplemental program;
- (2) A replacement program; or
